SECTION 31. IC 6-1.1-12.1-8, AS AMENDED BY P.L.193-2005, SECTION 6, IS AMENDED TO READ AS FOLLOWS [EFFECTIVE UPON PASSAGE]: Sec. 8. (a) Not later than December 31 of each year, the county auditor shall publish the following in a newspaper of general interest and readership and not one of limited subject matter:

- (1) A list of the deduction applications that were filed under this chapter during that year that resulted in deductions being applied under this chapter for that year. The list must contain the following:

- (A) The name and address of each person approved for or receiving a deduction that was filed for during the year.
- (B) The amount of each deduction that was filed for during the year.
- (C) The number of years for which each deduction that was filed for during the year will be available.
- (D) The total amount for all deductions that were filed for and applied during the year.

(2) The total amount of all deductions for real property that were in effect under section 3 of this chapter during the year.

(3) The total amount of all deductions for new manufacturing equipment, new research and development equipment, new logistical distribution equipment, or new information technology equipment that were in effect under section 4.5 of this chapter during the year.

(4) The total amount of all deductions for eligible vacant buildings that were in effect under section 4.8 of this chapter during the year.

(b) The county auditor shall file the information described in subsection (a)(2), ~~and (a)(3), and (a)(4)~~ with the department of local government finance not later than December 31 of each year.

SECTION 32. IC 6-1.1-12.1-9, AS AMENDED BY P.L.216-2005, SECTION 4, IS AMENDED TO READ AS FOLLOWS [EFFECTIVE UPON PASSAGE]: Sec. 9. Notwithstanding any other provision of this chapter, a designating body may not approve a statement of benefits for a deduction under section 3, ~~or 4.5, or 4.8~~ of this chapter after the approval deadline, which is determined in the following manner:

- (1) The initial approval deadline is December 31, 2011.
- (2) Subject to subdivision (3), the initial approval deadline and subsequent approval deadlines are automatically extended in increments of five (5) years, so that approval deadlines subsequent to the initial approval deadline fall on December 31, 2016, and December 31 of each fifth year thereafter.
- (3) At least one (1) year before the date of an approval deadline determined under subdivision (2), the general assembly may enact a law that:
 - (A) terminates the automatic extension of approval deadlines under subdivision (2); and
 - (B) specifically designates a particular date as the final approval deadline.

SECTION 33. IC 6-1.1-12.1-9.5 IS ADDED TO THE INDIANA CODE AS A NEW SECTION TO READ AS FOLLOWS [EFFECTIVE JANUARY 1, 2006 (RETROACTIVE)]: **Sec. 9.5. (a) As used in this section, "clerical error" includes mathematical errors and omitted signatures.**

(b) Except as provided in section 9 of this chapter, the designating body may by resolution waive noncompliance with the following requirements in this chapter with respect to a particular deduction under this chapter:

- (1) a filing deadline applicable to an application, a statement of benefits, or another document that is required to be filed under this chapter; or**
- (2) a clerical error in an application, a statement of benefits, or another document that is required to be filed under this chapter;**

if the taxpayer otherwise qualifies for the deduction and the document is filed or the clerical error is corrected before the resolution is adopted. The resolution must specifically identify the property, deductions, and taxpayer that are effected by the resolution, specifically identify the noncompliance that is the subject of the resolution, and include a finding that the noncompliance has been corrected before the adoption of the resolution.

(c) The designating body shall certify a copy of a resolution adopted under this section to the taxpayer and the department of local government finance.

(d) If a noncompliance with this chapter has been corrected and a resolution is adopted under this section, the taxpayer shall be treated as if the taxpayer had complied with the procedural requirements of this chapter. However, if the designating body determines that granting the relief permitted by this section would result in a delay in the issuance of tax bills, require the recalculation of tax rates or tax levies for a particular year, or otherwise cause an undue burden on a taxing unit, the designating body may require that the deduction that the

taxpayer would be entitled to receive for a particular year be applied to a subsequent year in the manner prescribed by the department of local government finance.

SECTION 34. IC 6-1.1-12.1-11.3 IS AMENDED TO READ AS FOLLOWS [EFFECTIVE UPON PASSAGE]: Sec. 11.3. (a) This section applies only to the following requirements:

- (1) Failure to provide the completed statement of benefits form to the designating body before the hearing required by section 2.5(c) of this chapter.
- (2) Failure to submit the completed statement of benefits form to the designating body before the:
 - (A) initiation of the redevelopment or rehabilitation; ~~or the~~**
 - (B) installation of new manufacturing equipment, new research and development equipment, new logistical distribution equipment, or new information technology equipment; or**
 - (C) occupation of an eligible vacant building;**
 for which the person desires to claim a deduction under this chapter.
- (3) Failure to designate an area as an economic revitalization area before the initiation of the:

- (A) redevelopment;
- (B) installation of new manufacturing equipment, new research and development equipment, new logistical distribution equipment, or new information technology equipment; ~~or~~
- (C) rehabilitation; ~~or~~
- (D) occupation of an eligible vacant building;**

for which the person desires to claim a deduction under this chapter.

- (4) Failure to make the required findings of fact before designating an area as an economic revitalization area or authorizing a deduction for new manufacturing equipment, new research and development equipment, new logistical distribution equipment, or new information technology equipment under section 2, 3, ~~or 4.5, or 4.8~~ of this chapter.

- (5) Failure to file a:

- (A) timely; or
- (B) complete;

deduction application under section 5, **5.3**, or 5.4 of this chapter.

(b) This section does not grant a designating body the authority to exempt a person from filing a statement of benefits or exempt a designating body from making findings of fact.

(c) A designating body may by resolution waive noncompliance described under subsection (a) under the terms and conditions specified in the resolution. Before adopting a waiver under this subsection, the designating body shall conduct a public hearing on the waiver.

SECTION 35. IC 6-1.1-12.1-12 IS AMENDED TO READ AS FOLLOWS [EFFECTIVE UPON PASSAGE]: Sec. 12. (a) A property owner that has received a deduction under section 3, or 4.5 of this chapter is subject to the provisions of this section if the designating body adopts a resolution incorporating the provisions of this section for the economic revitalization area in which the property owner is located.

- (b) If:

(1) the property owner (**or, in the case of a deduction under section 4.8 of this chapter, the property owner or a tenant of the property owner**) ceases operations at the facility for which the deduction was granted; and

(2) the designating body finds that the property owner obtained the deduction by intentionally providing false information concerning the property owner's plans to continue operations at the facility;

the property owner shall pay the amount determined under subsection (e) to the county treasurer.

(c) A property owner may appeal the designating body's decision under subsection (b) by filing a complaint in the office of the clerk of the circuit or superior court together with a bond conditioned to pay the costs of the appeal if the appeal is determined against the property owner. An appeal under this subsection shall be promptly heard by the court without a jury and determined not more than thirty (30) days after the time of the filing of the appeal. The court shall hear evidence on the appeal and may confirm the action of the designating body or sustain the appeal. The judgment of the court is a final determination that may be appealed in the same manner as other civil actions.

(d) If an appeal under subsection (c) is pending, the payment required by this section is not due until after the appeal is finally adjudicated and the property owner's liability for the payment is finally determined.

(e) The county auditor shall determine the amount to be paid by the property owner according to the following formula:

STEP ONE: For each year that the deduction was in effect, determine the additional amount of property taxes that would have been paid by the property owner if the deduction had not been in effect.

STEP TWO: Determine the sum of the STEP ONE amounts.

STEP THREE: Multiply the sum determined under STEP TWO by one and one-tenth (1.1).

(f) The county treasurer shall distribute money paid under this section on a pro rata basis to the general fund of each taxing unit that contains the property that was subject to the deduction. The amount to be distributed to the general fund of each taxing unit shall be determined by the county auditor according to the following formula:

STEP ONE: For each year that the deduction was in effect, determine the additional amount of property taxes that would have been paid by the property owner to the taxing unit if the deduction had not been in effect.

STEP TWO: Determine the sum of the STEP ONE amounts.

STEP THREE: Divide the STEP TWO sum by the sum determined under STEP TWO of subsection (e).

STEP FOUR: Multiply the amount paid by the property owner under subsection (e) by the STEP THREE quotient.

SECTION 36. IC 6-1.1-12.1-14, AS AMENDED BY P.L.193-2005, SECTION 7, IS AMENDED TO READ AS FOLLOWS [EFFECTIVE UPON PASSAGE]: Sec. 14. (a) This section does not apply to:

(1) a deduction under section 3 of this chapter for property located in a residually distressed area; or

(2) any other deduction under section 3 or 4.5 of this chapter for which a statement of benefits was approved before July 1, 2004.

(b) A property owner that receives a deduction under section 3, ~~or 4.5~~, **or 4.8** of this chapter is subject to this section only if the

designating body, with the consent of the property owner, incorporates this section, including the percentage to be applied by the county auditor for purposes of STEP TWO of subsection (c), into its initial approval of the property owner's statement of benefits and deduction at the time of that approval.

(c) During each year in which a property owner's property tax liability is reduced by a deduction applied under this chapter, the property owner shall pay to the county treasurer a fee in an amount determined by the county auditor. The county auditor shall determine the amount of the fee to be paid by the property owner according to the following formula:

STEP ONE: Determine the additional amount of property taxes that would have been paid by the property owner during the year if the deduction had not been in effect.

STEP TWO: Multiply the amount determined under STEP ONE by the percentage determined by the designating body under subsection (b), which may not exceed fifteen percent (15%). The percentage determined by the designating body remains in effect throughout the term of the deduction and may not be changed.

STEP THREE: Determine the lesser of the STEP TWO product or one hundred thousand dollars (\$100,000).

(d) Fees collected under this section must be distributed to one (1) or more public or nonprofit entities established to promote economic development within the corporate limits of the city, town, or county served by the designating body. The designating body shall notify the county auditor of the entities that are to receive distributions under this section and the relative proportions of those distributions. The county auditor shall distribute fees collected under this section in accordance with the designating body's instructions.

(e) If the designating body determines that a property owner has not paid a fee imposed under this section, the designating body may adopt a resolution terminating the property owner's deduction under section 3, ~~or 4.5~~, **or 4.8** of this chapter. If the designating body adopts such a resolution, the deduction does not apply to the next installment of property taxes owed by the property owner or to any subsequent installment of property taxes.

SECTION 37. IC 6-1.1-12.4-3, AS ADDED BY P.L.193-2005, SECTION 8, IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JANUARY 1, 2006 (RETROACTIVE)]: Sec. 3. (a) For purposes of this section, an increase in the assessed value of personal property is determined in the same manner that an increase in the assessed value of new manufacturing equipment is determined for purposes of IC 6-1.1-12.1.

(b) This subsection applies only to personal property that the owner purchases after March 1, 2005, and before March 2, 2009. Except as provided in sections 4, 5, and 8 of this chapter, an owner that purchases personal property other than inventory (as defined in 50 IAC 4.2-5-1, as in effect on January 1, 2005) that:

(1) was never before used by its owner for any purpose in Indiana; and

(2) creates or retains employment;

is entitled to a deduction from the assessed value of the personal property.

(c) The deduction under this section is first available in the year in which the increase in assessed value resulting from the purchase of the personal property occurs and continues for the following two (2)

years. The amount of the deduction that a property owner may receive with respect to personal property located in a county for a particular year equals the lesser of:

- (1) two million dollars (\$2,000,000); or
- (2) the product of:
 - (A) the increase in assessed value resulting from the purchase of the personal property; multiplied by
 - (B) the percentage from the following table:

YEAR OF DEDUCTION	PERCENTAGE
1st	75%
2nd	50%
3rd	25%

(d) If an appeal of an assessment is approved that results in a reduction of the assessed value of the personal property, the amount of the deduction is adjusted to reflect the percentage decrease that results from the appeal.

(e) A property owner must claim the deduction under this section on the owner's annual personal property tax return. The township assessor shall:

- (1) identify the personal property eligible for the deduction to the county auditor; and
- (2) inform the county auditor of the deduction amount.

(f) The county auditor shall:

- (1) make the deductions; and
- (2) notify the county property tax assessment board of appeals of all deductions approved;

under this section.

(g) The deduction under this section does not apply to personal property at a facility listed in IC 6-1.1-12.1-3(e).

SECTION 38. IC 6-1.1-14-5 IS AMENDED TO READ AS FOLLOWS [EFFECTIVE UPON PASSAGE]: Sec. 5. (a) After holding the hearings referred to in section 4 of this chapter, the department of local government finance shall, in order to equalize assessed values in any county or in the state as a whole, issue an order increasing or decreasing assessed values of any tangible property if the department finds:

- (1) that the assessed values in any county are not uniform and equal as to townships, portions of the same township, or classes of property; or
- (2) that the assessed values in this state are not uniform and equal either as between counties or as to classes of property.

(b) The department of local government finance may not issue an equalization order to increase or decrease assessed values under this section more than twelve (12) months after the county estimates of assessed valuation required under ~~IC 6-1.1-17-1~~ **IC 6-1.1-17-1(a)** are filed with the department.

(c) If the department of local government finance issues an equalization order under this section, the department shall state in the order the percentage to be added to or deducted from the assessed value of the tangible property affected by the order.

(d) In issuing an equalization order under this section, the department of local government finance may not reduce or increase the aggregate assessed values of any township beyond the amounts actually necessary for a just and proper equalization of assessments within the entire state.

SECTION 39. IC 6-1.1-15-4, AS AMENDED BY P.L.199-2005, SECTION 9, IS AMENDED TO READ AS FOLLOWS

[EFFECTIVE UPON PASSAGE]: Sec. 4. (a) After receiving a petition for review which is filed under section 3 of this chapter, the Indiana board shall conduct a hearing at its earliest opportunity. The Indiana board may:

- (1) assign:
 - (A) full;
 - (B) limited; or
 - (C) no;
 evidentiary value to the assessed valuation of tangible property determined by stipulation submitted as evidence of a comparable sale; and
- (2) correct any errors that may have been made, and adjust the assessment in accordance with the correction.

(b) If the Indiana board conducts a site inspection of the property as part of its review of the petition, the Indiana board shall give notice to all parties of the date and time of the site inspection. The Indiana board is not required to assess the property in question. The Indiana board shall give notice of the date fixed for the hearing, by mail, to the taxpayer and to the appropriate township assessor, county assessor, and county auditor. With respect to an appeal of the assessment of real property or personal property filed after June 30, 2005, the notice must include the following:

- (1) The action of the county property tax assessment board of appeals with respect to the appealed items.
- (2) A statement that a taxing unit receiving the notice from the county auditor under subsection (c) may:
 - (A) attend the hearing; and
 - (B) offer testimony.

~~A taxing unit that receives a notice from the county auditor under subsection (c) is not a party to the appeal.~~ The Indiana board shall give these notices at least thirty (30) days before the day fixed for the hearing. The property tax assessment board of appeals that made the determination under appeal under this section may, with the approval of the county executive, file an amicus curiae brief in the review proceeding under this section. The expenses incurred by the property tax assessment board of appeals in filing the amicus curiae brief shall be paid from the property reassessment fund under IC 6-1.1-4-27.5. The executive of a taxing unit may file an amicus curiae brief in the review proceeding under this section if the property whose assessment is under appeal is subject to assessment by that taxing unit.

(c) If, after receiving notice of a hearing under subsection (b), the county auditor determines that the assessed value of the appealed items constitutes at least one percent (1%) of the total gross certified assessed value of a particular taxing unit for the assessment date immediately preceding the assessment date for which the appeal was filed, the county auditor shall send a copy of the notice to the affected taxing unit. **A taxing unit that receives a notice from the county auditor under this subsection is not a party to the appeal.** Failure of the county auditor to send a copy of the notice to the affected taxing unit does not affect the validity of the appeal or delay the appeal.

(d) If a petition for review does not comply with the Indiana board's instructions for completing the form prescribed under section 3 of this chapter, the Indiana board shall return the petition to the petitioner and include a notice describing the defect in the petition. The petitioner then has thirty (30) days from the date on the notice to cure the defect and file a corrected petition. The Indiana board shall

deny a corrected petition for review if it does not substantially comply with the Indiana board's instructions for completing the form prescribed under section 3 of this chapter.

(e) The Indiana board shall prescribe a form for use in processing petitions for review of actions by the county property tax assessment board of appeals. The Indiana board shall issue instructions for completion of the form. The form must require the Indiana board to indicate agreement or disagreement with each item that is:

- (1) if the county or township official held a preliminary conference under section 1(f) of this chapter, indicated on the petition submitted under that section by the taxpayer and the official; and
- (2) included in the county property tax assessment board of appeals' findings, record, and determination under section 2.1(d) of this chapter.

The form must also require the Indiana board to indicate the issues in dispute and its reasons in support of its resolution of those issues.

(f) After the hearing the Indiana board shall give the petitioner, the township assessor, the county assessor, **and** the county auditor: ~~and the affected taxing units required to be notified under subsection (c):~~

- (1) notice, by mail, of its final determination;
- (2) a copy of the form completed under subsection (e); and
- (3) notice of the procedures they must follow in order to obtain court review under section 5 of this chapter.

The county auditor shall provide copies of the documents described in subdivisions (1) through (3) to the taxing units entitled to notice under subsection (c).

(g) Except as provided in subsection (h), the Indiana board shall conduct a hearing not later than nine (9) months after a petition in proper form is filed with the Indiana board, excluding any time due to a delay reasonably caused by the petitioner.

(h) With respect to an appeal of a real property assessment that takes effect on the assessment date on which a general reassessment of real property takes effect under IC 6-1.1-4-4, the Indiana board shall conduct a hearing not later than one (1) year after a petition in proper form is filed with the Indiana board, excluding any time due to a delay reasonably caused by the petitioner.

(i) Except as provided in subsection (j), the Indiana board shall make a determination not later than the later of:

- (1) ninety (90) days after the hearing; or
- (2) the date set in an extension order issued by the Indiana board.

(j) With respect to an appeal of a real property assessment that takes effect on the assessment date on which a general reassessment of real property takes effect under IC 6-1.1-4-4, the Indiana board shall make a determination not later than the later of:

- (1) one hundred eighty (180) days after the hearing; or
- (2) the date set in an extension order issued by the Indiana board.

(k) ~~Except as provided in subsection (p);~~ The Indiana board may not extend the final determination date under subsection (i) or (j) by more than one hundred eighty (180) days. If the Indiana board fails to make a final determination within the time allowed by this ~~subsection;~~ **section after a hearing**, the entity that initiated the petition may:

- (1) take no action and wait for the Indiana board to make a final determination; or

(2) petition for judicial review under section 5(g) of this chapter.

(l) A final determination must include separately stated findings of fact for all aspects of the determination. Findings of ultimate fact must be accompanied by a concise statement of the underlying basic facts of record to support the findings. Findings must be based exclusively upon the evidence on the record in the proceeding and on matters officially noticed in the proceeding. Findings must be based upon a preponderance of the evidence.

(m) The Indiana board may limit the scope of the appeal to the issues raised in the petition and the evaluation of the evidence presented to the county property tax assessment board of appeals in support of those issues only if all persons participating in the hearing required under subsection (a) agree to the limitation. A person participating in the hearing required under subsection (a) is entitled to introduce evidence that is otherwise proper and admissible without regard to whether that evidence has previously been introduced at a hearing before the county property tax assessment board of appeals.

(n) The Indiana board:

- (1) may require the parties to the appeal to file not more than five (5) business days before the date of the hearing required under subsection (a) documentary evidence or summaries of statements of testimonial evidence; and
- (2) may require the parties to the appeal to file not more than fifteen (15) business days before the date of the hearing required under subsection (a) lists of witnesses and exhibits to be introduced at the hearing.

(o) A party to a proceeding before the Indiana board shall provide to another party to the proceeding the information described in subsection (n) if the other party requests the information in writing at least ten (10) days before the deadline for filing of the information under subsection (n).

(p) The county assessor may:

- (1) appear as an additional party if the notice of appearance is filed before the review proceeding; or
- (2) with the approval of the township assessor, represent the township assessor;

in a review proceeding under this section.

(q) The Indiana board may base its final determination on a stipulation between the respondent and the petitioner. If the final determination is based on a stipulated assessed valuation of tangible property, the Indiana board may order the placement of a notation on the permanent assessment record of the tangible property that the assessed valuation was determined by stipulation. The Indiana board may:

- (1) order that a final determination under this subsection has no precedential value; or
- (2) specify a limited precedential value of a final determination under this subsection.

SECTION 40. IC 6-1.1-15-15 IS AMENDED TO READ AS FOLLOWS [EFFECTIVE UPON PASSAGE]: Sec. 15. A class action suit against the Indiana board **or the department of local government finance** may not be maintained in any court, including the Indiana tax court, on behalf of a person who has not complied with the requirements of this chapter or IC 6-1.1-26 before the certification of the class.

SECTION 41. IC 6-1.1-17-0.5 IS AMENDED TO READ AS FOLLOWS [EFFECTIVE UPON PASSAGE]: Sec. 0.5. (a) For purposes of this section, "assessed value" has the meaning set forth in IC 6-1.1-1-3(a).

(b) The county auditor may exclude and keep separate on the tax duplicate for taxes payable in a calendar year the assessed value of tangible property that meets the following conditions:

- (1) The assessed value of the property is at least nine percent (9%) of the assessed value of all tangible property subject to taxation by a taxing unit. ~~(as defined in IC 6-1.1-1-21);~~
- (2) The property is or has been part of a bankruptcy estate that is subject to protection under the federal bankruptcy code.
- (3) The owner of the property has discontinued all business operations on the property.
- (4) There is a high probability that the taxpayer will not pay property taxes due on the property in the following year.

(c) This section does not limit, restrict, or reduce in any way the property tax liability on the property.

(d) For each taxing unit located in the county, the county auditor may reduce for a calendar year the taxing unit's assessed value that is certified to the department of local government finance under section 1 of this chapter and used to set tax rates for the taxing unit for taxes first due and payable in the immediately succeeding calendar year. The county auditor may reduce a taxing unit's assessed value under this subsection only to enable the taxing unit to absorb the effects of reduced property tax collections in the immediately succeeding calendar year that are expected to result from successful appeals of the assessed value of property located in the taxing unit. The county auditor shall keep separately on the tax duplicate the amount of any reductions made under this subsection. The maximum amount of the reduction authorized under this subsection is determined under subsection (e).

(e) The amount of the reduction in a taxing unit's assessed value for a calendar year under subsection (d) may not exceed the lesser of:

- (1) two percent (2%) of the assessed value of tangible property subject to assessment in the taxing unit in that calendar year; or
- (2) the total amount of reductions in the assessed value of tangible property subject to assessment in the taxing unit that:
 - (A) applied for the assessment date in the immediately preceding year; and
 - (B) resulted from successful appeals of the assessed value of the property.

(f) The amount of a reduction under subsection (d) may not be offered in a proceeding before the:

- (1) county property tax assessment board of appeals;
- (2) Indiana board; or
- (3) Indiana tax court;

as evidence that a particular parcel has been improperly assessed.

SECTION 42. IC 6-1.1-17-1 IS AMENDED TO READ AS FOLLOWS [EFFECTIVE UPON PASSAGE]: Sec. 1. (a) On or before August 1 of each year, the county auditor shall send a certified statement, under the seal of the board of county commissioners, to the fiscal officer of each political subdivision of the county and the department of local government finance. The statement shall contain:

- (1) information concerning the assessed valuation in the political subdivision for the next calendar year;
- (2) an estimate of the taxes to be distributed to the political subdivision during the last six (6) months of the current calendar year;
- (3) the current assessed valuation as shown on the abstract of charges;
- (4) the average growth in assessed valuation in the political subdivision over the preceding three (3) budget years, excluding years in which a general reassessment occurs, determined according to procedures established by the department of local government finance; ~~and~~
- (5) the amount of the political subdivision's assessed valuation reduction determined under section 0.5(d) of this chapter; and**
- ~~(5)~~ **(6)** any other information at the disposal of the county auditor that might affect the assessed value used in the budget adoption process.

(b) The estimate of taxes to be distributed shall be based on:

- (1) the abstract of taxes levied and collectible for the current calendar year, less any taxes previously distributed for the calendar year; and
- (2) any other information at the disposal of the county auditor which might affect the estimate.

(c) The fiscal officer of each political subdivision shall present the county auditor's statement to the proper officers of the political subdivision.

(d) Subject to subsection (e) and except as provided in subsection (f), after the county auditor sends a certified statement under subsection (a) or an amended certified statement under this subsection with respect to a political subdivision and before the department of local government finance certifies its action with respect to the political subdivision under section 16(f) of this chapter, the county auditor may amend the information concerning assessed valuation included in the earlier certified statement. The county auditor shall send a certified statement amended under this subsection, under the seal of the board of county commissioners, to:

- (1) the fiscal officer of each political subdivision affected by the amendment; and
- (2) the department of local government finance.

(e) Except as provided in subsection (g), before the county auditor makes an amendment under subsection (d), the county auditor must provide an opportunity for public comment on the proposed amendment at a public hearing. The county auditor must give notice of the hearing under IC 5-3-1. If the county auditor makes the amendment as a result of information provided to the county auditor by an assessor, the county auditor shall give notice of the public hearing to the assessor.

(f) Subsection (d) does not apply to an adjustment of assessed valuation under IC 36-7-15.1-26.9(d).

(g) The county auditor is not required to hold a public hearing under subsection (e) if:

- (1) the amendment under subsection (d) is proposed to correct a mathematical error made in the determination of the amount of assessed valuation included in the earlier certified statement;

(2) the amendment under subsection (d) is proposed to add to the amount of assessed valuation included in the earlier certified statement assessed valuation of omitted property discovered after the county auditor sent the earlier certified statement; or

(3) the county auditor determines that the amendment under subsection (d) will not result in an increase in the tax rate or tax rates of the political subdivision.

SECTION 43. IC 6-1.1-17-8.5 IS ADDED TO THE INDIANA CODE AS A NEW SECTION TO READ AS FOLLOWS [EFFECTIVE UPON PASSAGE]: **Sec. 8.5. (a) If a county auditor reduces a taxing unit's assessed valuation under section 0.5(d) of this chapter, the department of local government finance shall, in the manner prescribed in section 16 of this chapter, review the budget, tax rate, and tax levy of the taxing unit.**

(b) The county auditor may appeal to the department of local government finance to reduce a taxing unit's assessed valuation by an amount that exceeds the limits set forth in section 0.5(e) of this chapter. The department of local government finance:

(1) may require the county auditor to submit supporting information with the county auditor's appeal;

(2) shall consider the appeal at the time of the review required by subsection (a); and

(3) may approve, modify and approve, or reject the amount of the reduction sought in the appeal.

SECTION 44. IC 6-1.1-17-16, AS AMENDED BY P.L.228-2005, SECTION 21, IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JULY 1, 2006]: **Sec. 16. (a) Subject to the limitations and requirements prescribed in this section, the department of local government finance may revise, reduce, or increase a political subdivision's budget by fund, tax rate, or tax levy which the department reviews under section 8 or 10 of this chapter.**

(b) Subject to the limitations and requirements prescribed in this section, the department of local government finance may review, revise, reduce, or increase the budget by fund, tax rate, or tax levy of any of the political subdivisions whose tax rates compose the aggregate tax rate within a political subdivision whose budget, tax rate, or tax levy is the subject of an appeal initiated under this chapter.

(c) Except as provided in subsections (j) and (k), before the department of local government finance reviews, revises, reduces, or increases a political subdivision's budget by fund, tax rate, or tax levy under this section, the department must hold a public hearing on the budget, tax rate, and tax levy. The department of local government finance shall hold the hearing in the county in which the political subdivision is located. The department of local government finance may consider the budgets by fund, tax rates, and tax levies of several political subdivisions at the same public hearing. At least five (5) days before the date fixed for a public hearing, the department of local government finance shall give notice of the time and place of the hearing and of the budgets by fund, levies, and tax rates to be considered at the hearing. The department of local government finance shall publish the notice in two (2) newspapers of general circulation published in the county. However, if only one (1) newspaper of general circulation is published in the county, the department of local government finance shall publish the notice in that newspaper.

(d) Except as provided in subsection (i), ~~IC 6-1.1-19~~, IC 20-45,

IC 20-46, or IC 6-1.1-18.5, the department of local government finance may not increase a political subdivision's budget by fund, tax rate, or tax levy to an amount which exceeds the amount originally fixed by the political subdivision. The department of local government finance shall give the political subdivision written notification specifying any revision, reduction, or increase the department proposes in a political subdivision's tax levy or tax rate. The political subdivision has one (1) week from the date the political subdivision receives the notice to provide a written response to the department of local government finance's Indianapolis office specifying how to make the required reductions in the amount budgeted by fund. The department of local government finance shall make reductions as specified in the political subdivision's response if the response is provided as required by this subsection and sufficiently specifies all necessary reductions. The department of local government finance may make a revision, a reduction, or an increase in a political subdivision's budget only by fund.

(e) The department of local government finance may not approve a levy for lease payments by a city, town, county, library, or school corporation if the lease payments are payable to a building corporation for use by the building corporation for debt service on bonds and if:

- (1) no bonds of the building corporation are outstanding; or**
- (2) the building corporation has enough legally available funds on hand to redeem all outstanding bonds payable from the particular lease rental levy requested.**

(f) The department of local government finance shall certify its action to:

- (1) the county auditor;**
- (2) the political subdivision if the department acts pursuant to an appeal initiated by the political subdivision;**
- (3) the taxpayer that initiated an appeal under section 13 of this chapter, or, if the appeal was initiated by multiple taxpayers, the first ten (10) taxpayers whose names appear on a petition filed under section 13 of this chapter; the statement filed to initiate the appeal; and**
- (4) a taxpayer that owns property that represents at least ten percent (10%) of the taxable assessed valuation in the political subdivision.**

(g) The following may petition for judicial review of the final determination of the department of local government finance under subsection (f):

- (1) If the department acts under an appeal initiated by a political subdivision, the political subdivision.**
- (2) If the department:**

(A) acts under an appeal initiated by one (1) or more taxpayers under section 13 of this chapter; or

(B) fails to act on the appeal before the department certifies its action under subsection (f);

a taxpayer who signed the ~~petition under that section~~, statement filed to initiate the appeal.

(3) If the department acts under an appeal initiated by the county auditor under section 14 of this chapter, the county auditor.

(4) A taxpayer that owns property that represents at least ten percent (10%) of the taxable assessed valuation in the political subdivision.

The petition must be filed in the tax court not more than forty-five (45) days after the department certifies its action under subsection (f).

(h) The department of local government finance is expressly directed to complete the duties assigned to it under this section not later than February 15th of each year for taxes to be collected during that year.

(i) Subject to the provisions of all applicable statutes, the department of local government finance may increase a political subdivision's tax levy to an amount that exceeds the amount originally fixed by the political subdivision if the increase is:

- (1) requested in writing by the officers of the political subdivision;
- (2) either:
 - (A) based on information first obtained by the political subdivision after the public hearing under section 3 of this chapter; or
 - (B) results from an inadvertent mathematical error made in determining the levy; and
- (3) published by the political subdivision according to a notice provided by the department.

(j) The department of local government finance shall annually review the budget by fund of each school corporation not later than April 1. The department of local government finance shall give the school corporation written notification specifying any revision, reduction, or increase the department proposes in the school corporation's budget by fund. A public hearing is not required in connection with this review of the budget.

(k) The department of local government finance may hold a hearing under subsection (c) only if the notice required in IC 6-1.1-17-12 is published at least ten (10) days before the date of the hearing.

SECTION 45. IC 6-1.1-18-12, AS AMENDED BY HEA 1134-2006, SECTION 43, IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JULY 1, 2006]: Sec. 12. (a) For purposes of this section, "maximum rate" refers to the maximum:

- (1) property tax rate or rates; or
- (2) special benefits tax rate or rates;

referred to in the statutes listed in subsection (d).

(b) The maximum rate for taxes first due and payable after 2003 is the maximum rate that would have been determined under subsection (e) for taxes first due and payable in 2003 if subsection (e) had applied for taxes first due and payable in 2003.

(c) The maximum rate must be adjusted:

- (1) each time an annual adjustment of the assessed value of real property takes effect under IC 6-1.1-4-4.5; and

- ~~(51)~~ **(53)** IC 36-12-12-10; and
- ~~(52)~~ **(54)** any statute enacted after December 31, 2003, that:

(A) establishes a maximum rate for any part of the:

- (i) property taxes; or
- (ii) special benefits taxes;

imposed by a political subdivision; and

(B) does not exempt the maximum rate from the adjustment under this section.

(e) The new maximum rate under a statute listed in subsection (d) is the tax rate determined under STEP SEVEN of the following STEPS:

STEP ONE: Determine the maximum rate for the political subdivision levying a property tax or special benefits tax under the statute for the year preceding the year in which the annual

adjustment or general reassessment takes effect.

STEP TWO: Determine the actual percentage increase (rounded to the nearest one-hundredth percent (0.01%)) in the assessed value (before the adjustment, if any, under IC 6-1.1-4-4.5) of the taxable property from the year preceding the year the annual adjustment or general reassessment takes effect to the year that the annual adjustment or general reassessment takes effect.

STEP THREE: Determine the three (3) calendar years that immediately precede the ensuing calendar year and in which a statewide general reassessment of real property does not first take effect.

STEP FOUR: Compute separately, for each of the calendar years determined in STEP THREE, the actual percentage increase (rounded to the nearest one-hundredth percent (0.01%)) in the assessed value (before the adjustment, if any, under IC 6-1.1-4-4.5) of the taxable property from the preceding year.

STEP FIVE: Divide the sum of the three (3) quotients computed in STEP FOUR by three (3).

STEP SIX: Determine the greater of the following:

(A) Zero (0).

(B) The result of the STEP TWO percentage minus the STEP FIVE percentage.

STEP SEVEN: Determine the quotient of the STEP ONE tax rate divided by the sum of one (1) plus the STEP SIX percentage increase.

(f) The department of local government finance shall compute the maximum rate allowed under subsection (e) and provide the rate to each political subdivision with authority to levy a tax under a statute listed in subsection (d).

SECTION 46. IC 6-1.1-18.5-1 IS AMENDED TO READ AS FOLLOWS [EFFECTIVE UPON PASSAGE]: Sec. 1. As used in this chapter:

"Ad valorem property tax levy for an ensuing calendar year" means the total property taxes imposed by a civil taxing unit for current property taxes collectible in that ensuing calendar year.

"Adopting county" means any county in which the county adjusted gross income tax is in effect.

"Civil taxing unit" means any taxing unit except a school corporation.

"Maximum permissible ad valorem property tax levy for the preceding calendar year" means **the greater of:**

(1) the remainder of:

(A) the civil taxing unit's maximum permissible ad valorem property tax levy for the calendar year immediately preceding the ensuing calendar year, as that levy was determined under section 3 of this chapter; minus

(B) one-half (1/2) of the remainder of:

(i) the civil taxing unit's maximum permissible ad valorem property tax levy referred to in clause (A); minus

(ii) the civil taxing unit's ad valorem property tax levy for the calendar year immediately preceding the ensuing calendar year referred to in subdivision (2); or

(2) the civil taxing unit's ad valorem property tax levy for the calendar year immediately preceding the ensuing calendar year, as that levy was determined by the department of local

government finance in fixing the civil taxing unit's budget, levy, and rate for that preceding calendar year under IC 6-1.1-17, and after eliminating the effects of temporary excessive levy appeals and temporary adjustments made to the working maximum levy for the calendar year immediately preceding the ensuing calendar year, as determined by the department of local government finance.

"Taxable property" means all tangible property that is subject to the tax imposed by this article and is not exempt from the tax under IC 6-1.1-10 or any other law. For purposes of sections 2 and 3 of this chapter, the term "taxable property" is further defined in section 6 of this chapter.

"Unadjusted assessed value" means the assessed value of a civil taxing unit as determined by local assessing officials and the department of local government finance in a particular calendar year before the application of an annual adjustment under IC 6-1.1-4-4.5 for that particular calendar year or any calendar year since the last general reassessment preceding the particular calendar year.

SECTION 47. IC 6-1.1-18.5-13, AS AMENDED BY HEA 1156-2006, SECTION 1, IS AMENDED TO READ AS FOLLOWS [EFFECTIVE UPON PASSAGE]: Sec. 13. With respect to an appeal filed under section 12 of this chapter, the local government tax control board may recommend that a civil taxing unit receive any one (1) or more of the following types of relief:

(1) Permission to the civil taxing unit to increase its levy in excess of the limitations established under section 3 of this chapter, if in the judgment of the local government tax control board the increase is reasonably necessary due to increased costs of the civil taxing unit resulting from annexation, consolidation, or other extensions of governmental services by the civil taxing unit to additional geographic areas or persons.

(2) Permission to the civil taxing unit to increase its levy in excess of the limitations established under section 3 of this chapter, if the local government tax control board finds that the civil taxing unit needs the increase to meet the civil taxing unit's share of the costs of operating a court established by statute enacted after December 31, 1973. Before recommending such an increase, the local government tax control board shall consider all other revenues available to the civil taxing unit that could be applied for that purpose. The maximum aggregate levy increases that the local government tax control board may recommend for a particular court equals the civil taxing unit's estimate of the unit's share of the costs of operating a court for the first full calendar year in which it is in existence. For purposes of this subdivision, costs of operating a court include:

(A) the cost of personal services (including fringe benefits);

(B) the cost of supplies; and

(C) any other cost directly related to the operation of the court.

(3) Permission to the civil taxing unit to increase its levy in excess of the limitations established under section 3 of this chapter, if the local government tax control board finds that the quotient determined under STEP SIX of the following formula is equal to or greater than one and ~~three-hundredths (1.03)~~ **two-hundredths (1.02):**

STEP ONE: Determine the three (3) calendar years that most immediately precede the ensuing calendar year and in

which a statewide general reassessment of real property does not first become effective.

STEP TWO: Compute separately, for each of the calendar years determined in STEP ONE, the quotient (rounded to the nearest ten-thousandth (0.0001)) of the sum of the civil taxing unit's total assessed value of all taxable property and the total assessed value of property tax deductions in the unit under IC 6-1.1-12-41 or IC 6-1.1-12-42 in the particular calendar year, divided by the sum of the civil taxing unit's total assessed value of all taxable property and the total assessed value of property tax deductions in the unit under IC 6-1.1-12-41 or IC 6-1.1-12-42 in the calendar year immediately preceding the particular calendar year.

STEP THREE: Divide the sum of the three (3) quotients computed in STEP TWO by three (3).

STEP FOUR: Compute separately, for each of the calendar years determined in STEP ONE, the quotient (rounded to the nearest ten-thousandth (0.0001)) of the sum of the total assessed value of all taxable property in all counties and the total assessed value of property tax deductions in all counties under IC 6-1.1-12-41 or IC 6-1.1-12-42 in the particular calendar year, divided by the sum of the total assessed value of all taxable property in all counties and the total assessed value of property tax deductions in all counties under IC 6-1.1-12-41 or IC 6-1.1-12-42 in the calendar year immediately preceding the particular calendar year.

STEP FIVE: Divide the sum of the three (3) quotients computed in STEP FOUR by three (3).

STEP SIX: Divide the STEP THREE amount by the STEP FIVE amount.

The civil taxing unit may increase its levy by a percentage not greater than the percentage by which the STEP THREE amount exceeds the percentage by which the civil taxing unit may increase its levy under section 3 of this chapter based on the assessed value growth quotient determined under section 2 of this chapter.

(4) Permission to the civil taxing unit to increase its levy in excess of the limitations established under section 3 of this chapter, if the local government tax control board finds that the civil taxing unit needs the increase to pay the costs of furnishing fire protection for the civil taxing unit through a volunteer fire department. For purposes of determining a township's need for an increased levy, the local government tax control board shall not consider the amount of money borrowed under IC 36-6-6-14 during the immediately preceding calendar year. However, any increase in the amount of the civil taxing unit's levy recommended by the local government tax control board under this subdivision for the ensuing calendar year may not exceed the lesser of:

(A) ten thousand dollars (\$10,000); or

(B) twenty percent (20%) of:

(i) the amount authorized for operating expenses of a volunteer fire department in the budget of the civil taxing unit for the immediately preceding calendar year; plus

(ii) the amount of any additional appropriations authorized during that calendar year for the civil taxing

unit's use in paying operating expenses of a volunteer fire department under this chapter; minus

(iii) the amount of money borrowed under IC 36-6-6-14 during that calendar year for the civil taxing unit's use in paying operating expenses of a volunteer fire department.

(5) Permission to a civil taxing unit to increase its levy in excess of the limitations established under section 3 of this chapter in order to raise revenues for pension payments and contributions the civil taxing unit is required to make under IC 36-8. The maximum increase in a civil taxing unit's levy that may be recommended under this subdivision for an ensuing calendar year equals the amount, if any, by which the pension payments and contributions the civil taxing unit is required to make under IC 36-8 during the ensuing calendar year exceeds the product of one and one-tenth (1.1) multiplied by the pension payments and contributions made by the civil taxing unit under IC 36-8 during the calendar year that immediately precedes the ensuing calendar year. For purposes of this subdivision, "pension payments and contributions made by a civil taxing unit" does not include that part of the payments or contributions that are funded by distributions made to a civil taxing unit by the state.

(6) Permission to increase its levy in excess of the limitations established under section 3 of this chapter if the local government tax control board finds that:

(A) the township's township assistance ad valorem property tax rate is less than one and sixty-seven hundredths cents (\$0.0167) per one hundred dollars (\$100) of assessed valuation; and

(B) the township needs the increase to meet the costs of providing township assistance under IC 12-20 and IC 12-30-4.

The maximum increase that the board may recommend for a township is the levy that would result from an increase in the township's township assistance ad valorem property tax rate of one and sixty-seven hundredths cents (\$0.0167) per one hundred dollars (\$100) of assessed valuation minus the township's ad valorem property tax rate per one hundred dollars (\$100) of assessed valuation before the increase.

(7) Permission to a civil taxing unit to increase its levy in excess of the limitations established under section 3 of this chapter if:

(A) the increase has been approved by the legislative body of the municipality with the largest population where the civil taxing unit provides public transportation services; and

(B) the local government tax control board finds that the civil taxing unit needs the increase to provide adequate public transportation services.

The local government tax control board shall consider tax rates and levies in civil taxing units of comparable population, and the effect (if any) of a loss of federal or other funds to the civil taxing unit that might have been used for public transportation purposes. However, the increase that the board may recommend under this subdivision for a civil taxing unit may not exceed the revenue that would be raised by the civil taxing unit based on a property tax rate of one cent (\$0.01) per one hundred dollars (\$100) of assessed valuation.

(8) Permission to a civil taxing unit to increase the unit's levy in excess of the limitations established under section 3 of this

chapter if the local government tax control board finds that:

(A) the civil taxing unit is:

- (i) a county having a population of more than one hundred forty-eight thousand (148,000) but less than one hundred seventy thousand (170,000);
- (ii) a city having a population of more than fifty-five thousand (55,000) but less than fifty-nine thousand (59,000);
- (iii) a city having a population of more than twenty-eight thousand seven hundred (28,700) but less than twenty-nine thousand (29,000);
- (iv) a city having a population of more than fifteen thousand four hundred (15,400) but less than sixteen thousand six hundred (16,600); or
- (v) a city having a population of more than seven thousand (7,000) but less than seven thousand three hundred (7,300); and

(B) the increase is necessary to provide funding to undertake removal (as defined in IC 13-11-2-187) and remedial action (as defined in IC 13-11-2-185) relating to hazardous substances (as defined in IC 13-11-2-98) in solid waste disposal facilities or industrial sites in the civil taxing unit that have become a menace to the public health and welfare.

The maximum increase that the local government tax control board may recommend for such a civil taxing unit is the levy that would result from a property tax rate of six and sixty-seven hundredths cents (\$0.0667) for each one hundred dollars (\$100) of assessed valuation. For purposes of computing the ad valorem property tax levy limit imposed on a civil taxing unit under section 3 of this chapter, the civil taxing unit's ad valorem property tax levy for a particular year does not include that part of the levy imposed under this subdivision. In addition, a property tax increase permitted under this subdivision may be imposed for only two (2) calendar years.

(9) Permission for a county:

(A) having a population of more than eighty thousand (80,000) but less than ninety thousand (90,000) to increase the county's levy in excess of the limitations established under section 3 of this chapter, if the local government tax control board finds that the county needs the increase to meet the county's share of the costs of operating a jail or juvenile detention center, including expansion of the facility, if the jail or juvenile detention center is opened after December 31, 1991;

(B) that operates a county jail or juvenile detention center that is subject to an order that:

- (i) was issued by a federal district court; and
- (ii) has not been terminated;

(C) that operates a county jail that fails to meet:

- (i) American Correctional Association Jail Construction Standards; and
- (ii) Indiana jail operation standards adopted by the department of correction; or

(D) that operates a juvenile detention center that fails to meet standards equivalent to the standards described in clause (C) for the operation of juvenile detention centers.

Before recommending an increase, the local government tax

control board shall consider all other revenues available to the county that could be applied for that purpose. An appeal for operating funds for a jail or a juvenile detention center shall be considered individually, if a jail and juvenile detention center are both opened in one (1) county. The maximum aggregate levy increases that the local government tax control board may recommend for a county equals the county's share of the costs of operating the jail or a juvenile detention center for the first full calendar year in which the jail or juvenile detention center is in operation.

(10) Permission for a township to increase its levy in excess of the limitations established under section 3 of this chapter, if the local government tax control board finds that the township needs the increase so that the property tax rate to pay the costs of furnishing fire protection for a township, or a portion of a township, enables the township to pay a fair and reasonable amount under a contract with the municipality that is furnishing the fire protection. However, for the first time an appeal is granted the resulting rate increase may not exceed fifty percent (50%) of the difference between the rate imposed for fire protection within the municipality that is providing the fire protection to the township and the township's rate. A township is required to appeal a second time for an increase under this subdivision if the township wants to further increase its rate. However, a township's rate may be increased to equal but may not exceed the rate that is used by the municipality. More than one (1) township served by the same municipality may use this appeal.

(11) Permission for a township to increase its levy in excess of the limitations established under section 3 of this chapter, if the local government tax control board finds that the township has been required, for the three (3) consecutive years preceding the year for which the appeal under this subdivision is to become effective, to borrow funds under IC 36-6-6-14 to furnish fire protection for the township or a part of the township. However, the maximum increase in a township's levy that may be allowed under this subdivision is the least of the amounts borrowed under IC 36-6-6-14 during the preceding three (3) calendar years. A township may elect to phase in an approved increase in its levy under this subdivision over a period not to exceed three (3) years. A particular township may appeal to increase its levy under this section not more frequently than every fourth calendar year.

(12) Permission to a city having a population of more than twenty-nine thousand (29,000) but less than thirty-one thousand (31,000) to increase its levy in excess of the limitations established under section 3 of this chapter if:

(A) an appeal was granted to the city under this section to reallocate property tax replacement credits under IC 6-3.5-1.1 in 1998, 1999, and 2000; and

(B) the increase has been approved by the legislative body of the city, and the legislative body of the city has by resolution determined that the increase is necessary to pay normal operating expenses.

The maximum amount of the increase is equal to the amount of property tax replacement credits under IC 6-3.5-1.1 that the city petitioned under this section to have reallocated in 2001 for a

purpose other than property tax relief.

SECTION 48. IC 6-1.1-18.5-17 IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JANUARY 1, 2006 (RETROACTIVE)]: Sec. 17. (a) As used in this section, "levy excess" means the part of the ad valorem property tax levy actually collected by a civil taxing unit, for taxes first due and payable during a particular calendar year, that exceeds the civil taxing unit's ad valorem property tax levy, as approved by the department of local government finance under IC 6-1.1-17. **The term does not include delinquent ad valorem property taxes collected during a particular year that were assessed for an assessment date that precedes the assessment date for the current year in which the ad valorem property taxes are collected.**

(b) A civil taxing unit's levy excess is valid and may not be contested on the grounds that it exceeds the civil taxing unit's levy limit for the applicable calendar year. However, the civil taxing unit shall deposit, except as provided in subsection (h), its levy excess in a special fund to be known as the civil taxing unit's levy excess fund.

(c) The chief fiscal officer of a civil taxing unit may invest money in the civil taxing unit's levy excess fund in the same manner in which money in the civil taxing unit's general fund may be invested. However, any income derived from investment of the money shall be deposited in and becomes a part of the levy excess fund.

(d) The department of local government finance shall require a civil taxing unit to include the amount in its levy excess fund in the civil taxing unit's budget fixed under IC 6-1.1-17.

(e) Except as provided by subsection (f), a civil taxing unit may not spend any money in its levy excess fund until the expenditure of the money has been included in a budget that has been approved by the department of local government finance under IC 6-1.1-17. For purposes of fixing its budget and for purposes of the ad valorem property tax levy limits imposed under this chapter, a civil taxing unit shall treat the money in its levy excess fund that the department of local government finance permits it to spend during a particular calendar year as part of its ad valorem property tax levy for that same calendar year.

(f) A civil taxing unit may transfer money from its levy excess fund to its other funds to reimburse those funds for amounts withheld from the civil taxing unit as a result of refunds paid under IC 6-1.1-26.

(g) Subject to the limitations imposed by this section, a civil taxing unit may use money in its levy excess fund for any lawful purpose for which money in any of its other funds may be used.

(h) If the amount that would, notwithstanding this subsection, be deposited in the levy excess fund of a civil taxing unit for a particular calendar year is less than one hundred dollars (\$100), no money shall be deposited in the levy excess fund of the unit for that year.

SECTION 49. IC 6-1.1-19-1.7 IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JANUARY 1, 2006 (RETROACTIVE)]: Sec. 1.7. (a) As used in this section, "levy excess" means that portion of the ad valorem property tax levy actually collected by a school corporation, for taxes first due and payable during a particular calendar year, which exceeds the school corporation's total levy, as approved by the department of local government finance under IC 6-1.1-17, for those property taxes. **The term does not include delinquent ad valorem property taxes collected during a particular year that were assessed for an assessment date that precedes the assessment date for the current year in which the ad**

valorem property taxes are collected.

(b) A school corporation's levy excess is valid, and the general fund portion of a school corporation's levy excess may not be contested on the grounds that it exceeds the school corporation's general fund levy limit for the applicable calendar year. However, the school corporation shall deposit, except as provided in subsection (h), its levy excess in a special fund to be known as the school corporation's levy excess fund.

(c) The chief fiscal officer of a school corporation may invest money in the school corporation's levy excess fund in the same manner in which money in the school corporation's general fund may be invested. However, any income derived from investment of the money shall be deposited in and become a part of the levy excess fund.

(d) The department of local government finance shall require a school corporation to include the amount in the school corporation's levy excess fund in the school corporation's budget fixed under IC 6-1.1-17.

(e) Except as provided in subsection (f), a school corporation may not spend any money in its levy excess fund until the expenditure of the money has been included in a budget that has been approved by the department of local government finance under IC 6-1.1-17. For purposes of fixing its budget and for purposes of the ad valorem property tax levy limits fixed under this chapter, a school corporation shall treat the money in its levy excess fund that the department of local government finance permits the school corporation to spend during a particular calendar year as part of the school corporation's ad valorem property tax levy for that same calendar year.

(f) A school corporation may transfer money from its levy excess fund to its other funds to reimburse those funds for amounts withheld from the school corporation as a result of refunds paid under IC 6-1.1-26.

(g) Subject to the limitations imposed by this section, a school corporation may use money in its levy excess fund for any lawful purpose for which money in any of its other funds may be used.

(h) If the amount that would be deposited in the levy excess fund of a school corporation for a particular calendar year is less than one hundred dollars (\$100), no money shall be deposited in the levy excess fund of the school corporation for that year.

year for which the credit is allowed.

(b) The certified statement referred to in subsection (a) shall contain the name of any other county and township in which the individual owns or is buying real property.

(c) If an individual who is receiving the credit provided by this chapter changes the use of the individual's real property, so that part or all of that real property no longer qualifies for the homestead credit provided by this chapter, the individual must file a certified statement with the auditor of the county, notifying the auditor of the change of use within sixty (60) days after the date of that change. An individual who changes the use of the individual's real property and fails to file the statement required by this subsection is liable for the amount of the credit ~~he~~ **the individual** was allowed under this chapter for that real property.

(d) An individual who receives the credit provided by section 2 of this chapter for property that is jointly held with another owner in a particular year and remains eligible for the credit in the following year is not required to file a statement to reapply for the credit following the removal of the joint owner if:

 - (B) with sufficient postage; and**
 - (C) with a date of registration, certification, or certificate, as evidenced by any record authenticated by the United States Postal Service, on or before the due date.**

For purposes of this subsection, "postmarked" does not mean the date printed by a postage meter that affixes postage to the envelope or package containing a payment.

(b) If a document is mailed through the United States mail and is physically received after the due date without a legible correct postmark, the person who mailed the document is considered to have filed the document on or before the due date if the person can show by reasonable evidence that the document was deposited in the United States mail on or before the due date.

(c) If a document is sent via the United States mail or a nationally recognized express parcel carrier but is not received by the designated recipient, the person who sent the document is considered to have filed the document on or before the due date if the person:

SECTION 54. IC 6-1.1-36-12 IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JANUARY 1, 2006 (RETROACTIVE)]: Sec. 12. (a) A board of county commissioners, a county assessor, or an elected township assessor may enter into a ~~properly approved~~ contract for the discovery of property that has been undervalued or omitted from assessment. The contract must prohibit payment to the contractor for discovery of undervaluation or omission with respect to a parcel or personal property return before all appeals of the assessment of the parcel or the assessment under the return have been finalized. The contract may require the contractor to:

(1) examine and verify the accuracy of personal property returns filed by taxpayers with a township assessor of a township in the county; and

(2) compare a return with the books of the taxpayer and with personal property owned, held, possessed, controlled, or occupied by the taxpayer.

The remainder of the taxes collected on the undervalued or omitted property shall be distributed to the appropriate taxing units.

(b) This subsection applies if funds are not appropriated for payment of services performed under a contract described in subsection (a). The county auditor may create a special nonreverting fund in which the county treasurer shall deposit the amount of taxes, including penalties and interest, that result from additional assessments on undervalued or omitted property collected from all taxing jurisdictions in the county after deducting the amount of any property tax credits that reduce the owner's property tax liability for the undervalued or omitted property. The fund remains in existence during the term of the contract. Distributions shall be made from the fund without appropriation only for the following purposes:

(1) All contract fees and other costs related to the contract.

(2) After the payments required by subdivision (1) have

been made and the contract has expired, the county auditor shall distribute all money remaining in the fund to the appropriate taxing units in the county using the property tax rates of each taxing unit in effect at the time of the distribution.

(c) A board of county commissioners, a county assessor, or an elected township assessor may not contract for services under subsection (a) on a percentage basis.

SECTION 55. IC 6-1.1-37-10 IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JULY 1, 2006]: Sec. 10. (b) With respect to property taxes due in two (2) equal installments under IC 6-1.1-22-9(a), on the day immediately following the due dates in May and November of each year following the year of the initial delinquency, an additional penalty equal to ten percent (10%) of any taxes remaining unpaid shall be added. With respect to property taxes due in installments under IC 6-1.1-22-9.5, an additional penalty equal to ten percent (10%) of any taxes remaining unpaid shall be added on the day immediately following each date that succeeds the last installment due date by:

(1) six (6) months; or

(2) a multiple of six (6) months.

(c) The penalties under subsection (b) are imposed only on the principal amount of the delinquent taxes.

(d) If the department of local government finance determines that an emergency has occurred which precludes the mailing of the tax statement in any county at the time set forth in IC 6-1.1-22-8, the department shall establish by order a new date on which the installment of taxes in that county is due and no installment is delinquent if paid by the date so established.

(e) If any due date falls on a Saturday, a Sunday, a national legal holiday recognized by the federal government, or a statewide holiday, the act that must be performed by that date is timely if performed by the next succeeding day that is not a Saturday, a Sunday, or one (1) of those holidays.

(f) **Subject to subsections (g) and (h)**, a payment to the county treasurer is considered to have been paid by the due date if the payment is:

(1) received on or before the due date ~~to~~ by the county treasurer or a collecting agent appointed by the county treasurer;

(2) deposited in ~~the~~ United States **first class** mail:

(A) properly addressed to the principal office of the county treasurer;

(5) made by an electronic fund transfer and the taxpayer's bank account is charged on or before the due date.

For purposes of this subsection, "postmarked" does not mean the date printed by a postage meter that affixes postage to the envelope or package containing a payment.

(g) If a payment is mailed through the United States mail and is physically received after the due date without a legible correct postmark, the person who mailed the payment is considered to have made the payment on or before the due date if the person can show by reasonable evidence that the payment was deposited in the United States mail on or before the due date.

(h) If a payment is sent via the United States mail or a nationally recognized express parcel carrier but is not received by the designated recipient, the person who sent the payment is considered to have made the payment on or before the due date if the person:

SECTION 56. IC 6-1.1-39-5, AS AMENDED BY P.L.4-2005, SECTION 46, IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JANUARY 1, 2006 (RETROACTIVE)]: Sec. 5. (a) A declaratory ordinance adopted under section 2 of this chapter and confirmed under section 3 of this chapter must include a provision with respect to the allocation and distribution of property taxes for the purposes and in the manner provided in this section. The allocation provision must apply to the entire economic development district. The allocation provisions must require that any property taxes subsequently levied by or for the benefit of any public body entitled to a distribution of property taxes on taxable property in the economic development district be allocated and distributed as follows:

(1) Except as otherwise provided in this section, the proceeds of the taxes attributable to the lesser of:

(A) the assessed value of the property for the assessment date with respect to which the allocation and distribution is made; or

(B) the base assessed value;

shall be allocated to and, when collected, paid into the funds of the respective taxing units. However, if the effective date of the allocation provision of a declaratory ordinance is after March 1, 1985, and before January 1, 1986, and if an improvement to property was partially completed on March 1, 1985, the unit may provide in the declaratory ordinance that the taxes attributable to the assessed value of the property as finally determined for March 1, 1984, shall be allocated to and, when

collected, paid into the funds of the respective taxing units.

(2) Except as otherwise provided in this section, part or all of the property tax proceeds in excess of those described in subdivision (1), as specified in the declaratory ordinance, shall be allocated to the unit for the economic development district and, when collected, paid into a special fund established by the unit for that economic development district that may be used only to pay the principal of and interest on obligations owed by the unit under IC 4-4-8 (before its repeal) or IC 5-28-9 for the financing of industrial development programs in, or serving, that economic development district. The amount not paid into the special fund shall be paid to the respective units in the manner prescribed by subdivision (1).

(3) When the money in the fund is sufficient to pay all outstanding principal of and interest (to the earliest date on which the obligations can be redeemed) on obligations owed by the unit under IC 4-4-8 (before its repeal) or IC 5-28-9 for the financing of industrial development programs in, or serving, that economic development district, money in the special fund in excess of that amount shall be paid to the respective taxing units in the manner prescribed by subdivision (1).

(b) Property tax proceeds allocable to the economic development district under subsection (a)(2) must, subject to subsection (a)(3), be irrevocably pledged by the unit for payment as set forth in subsection (a)(2).

(c) For the purpose of allocating taxes levied by or for any taxing unit or units, the assessed value of taxable property in a territory in the economic development district that is annexed by any taxing unit after the effective date of the allocation provision of the declaratory ordinance is the lesser of:

(1) the assessed value of the property for the assessment date with respect to which the allocation and distribution is made; or

(2) the base assessed value.

(d) Notwithstanding any other law, each assessor shall, upon petition of the fiscal body, reassess the taxable property situated upon or in, or added to, the economic development district effective on the next assessment date after the petition.

(e) Notwithstanding any other law, the assessed value of all taxable property in the economic development district, for purposes of tax limitation, property tax replacement (except as provided in IC 6-1.1-21-3(c), IC 6-1.1-21-4(a)(3), and IC 6-1.1-21-5(c)), and formulation of the budget, tax rate, and tax levy for each political subdivision in which the property is located is the lesser of:

(1) the assessed value of the property as valued without regard to this section; or

(2) the base assessed value.

(f) The state board of accounts and department of local government finance shall make the rules and prescribe the forms and procedures that they consider expedient for the implementation of this chapter. After each general reassessment under IC 6-1.1-4, the department of local government finance shall adjust the base assessed value one (1) time to neutralize any effect of the general reassessment on the property tax proceeds allocated to the district under this section. **After each annual adjustment under IC 6-1.1-4-4.5, the department of local government finance shall adjust the base assessed value to neutralize any effect of the annual adjustment on the property tax proceeds allocated to the district under this**

section. However, the ~~adjustment~~ **adjustments under this subsection** may not include the effect of property tax abatements under IC 6-1.1-12.1.

(g) As used in this section, "property taxes" means:

- (1) taxes imposed under this article on real property; and
- (2) any part of the taxes imposed under this article on depreciable personal property that the unit has by ordinance allocated to the economic development district. However, the ordinance may not limit the allocation to taxes on depreciable personal property with any particular useful life or lives.

If a unit had, by ordinance adopted before May 8, 1987, allocated to an economic development district property taxes imposed under IC 6-1.1 on depreciable personal property that has a useful life in excess of eight (8) years, the ordinance continues in effect until an ordinance is adopted by the unit under subdivision (2).

(h) As used in this section, "base assessed value" means:

- (1) the net assessed value of all the property as finally determined for the assessment date immediately preceding the effective date of the allocation provision of the declaratory resolution, as adjusted under subsection (f); plus
- (2) to the extent that it is not included in subdivision (1), the net assessed value of property that is assessed as residential property under the rules of the department of local government finance, as finally determined for any assessment date after the effective date of the allocation provision.

Subdivision (2) applies only to economic development districts established after June 30, 1997, and to additional areas established after June 30, 1997.

SECTION 57. IC 6-1.1-40-1.5 IS ADDED TO THE INDIANA CODE AS A **NEW SECTION TO READ AS FOLLOWS** [EFFECTIVE JANUARY 1, 2006 (RETROACTIVE)]: **Sec. 1.5. As used in this chapter, "affiliate" means an entity that effectively controls or is controlled by an applicant for a deduction under this chapter or is associated with an applicant for a deduction under this chapter under common ownership or control, whether by shareholdings or other means.**

SECTION 58. IC 6-1.1-40-4 IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JANUARY 1, 2006 (RETROACTIVE)]: Sec. 4. As used in this chapter, "new manufacturing equipment" means any tangible personal property that **an applicant for the deduction under section 11 of this chapter:**

- (1) ~~is installed~~ **installs** in a district;
- (2) ~~is used~~ **uses** in the direct production, manufacture, fabrication, assembly, extraction, mining, processing, refining, or finishing of other tangible personal property; ~~and~~
- (3) ~~was acquired by its owner~~ **acquires in an arms length transaction from an entity that is not an affiliate of the applicant** for use as described in subdivision (2); and
- (4) ~~was never before used by its owner~~ **for any purpose in Indiana before the installation described in subdivision (1).**

SECTION 59. IC 6-1.1-40-10 IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JULY 1, 2006]: Sec. 10. (a) **Subject to subsection (e),** an owner of new manufacturing equipment or inventory, or both, whose statement of benefits is approved is entitled to a deduction from the assessed value of that equipment and inventory for a period of ten (10) years. Except as provided in subsections (c) and (d), **and subject to subsection (e),** for the first

five (5) years, the amount of the deduction for new manufacturing equipment that an owner is entitled to for a particular year equals the assessed value of the new manufacturing equipment. **Subject to subsection (e),** for the sixth through the tenth year, the amount of the deduction equals the product of:

- (1) the assessed value of the new manufacturing equipment; multiplied by
 - (2) the percentage prescribed in the following table:
- | YEAR OF DEDUCTION | PERCENTAGE |
|---------------------|------------|
| 6th | 100% |
| 7th | 95% |
| 8th | 80% |
| 9th | 65% |
| 10th | 50% |
| 11th and thereafter | 0% |

(b) For the first year the amount of the deduction for inventory equals the assessed value of the inventory. For the next nine (9) years, the amount of the deduction equals:

- (1) the assessed value of the inventory for that year; multiplied by
- (2) the owner's export sales ratio for the previous year, as certified by the department of state revenue under IC 6-3-2-13.

(c) A deduction under this section is not allowed in the first year the deduction is claimed for new manufacturing equipment to the extent that it would cause the assessed value of all of the personal property of the owner in the taxing district in which the equipment is located to be less than the assessed value of all of the personal property of the owner in that taxing district in the immediately preceding year.

(d) If a deduction is not fully allowed under subsection (c) in the first year the deduction is claimed, then the percentages specified in subsection (a) apply in the subsequent years to the amount of deduction that was allowed in the first year.

(e) **For purposes of subsection (a), the assessed value of new manufacturing equipment that is part of an owner's assessable depreciable personal property in a single taxing district subject to the valuation limitation in 50 IAC 4.2-4-9 or 50 IAC 5.1-6-9 is the product of:**

- (1) **the assessed value of the equipment determined without regard to the valuation limitation in 50 IAC 4.2-4-9 or 50 IAC 5.1-6-9; multiplied by**
- (2) **the quotient of:**
 - (A) **the amount of the valuation limitation determined under 50 IAC 4.2-4-9 or 50 IAC 5.1-6-9 for all of the owner's depreciable personal property in the taxing district; divided by**
 - (B) **the total true tax value of all of the owner's depreciable personal property in the taxing district that is subject to the valuation limitation in 50 IAC 4.2-4-9 or 50 IAC 5.1-6-9 determined:**
 - (i) **under the depreciation schedules in the rules of the department of local government finance before any adjustment for abnormal obsolescence; and**
 - (ii) **without regard to the valuation limitation in 50 IAC 4.2-4-9 or 50 IAC 5.1-6-9.**

SECTION 60. IC 6-1.1-45-9, AS ADDED BY P.L.214-2005, SECTION 16, IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JULY 1, 2006]: Sec. 9. (a) **Subject to subsection (c),**

a taxpayer that makes a qualified investment is entitled to a deduction from the assessed value of the taxpayer's enterprise zone property located at the enterprise zone location for which the taxpayer made the qualified investment. The amount of the deduction is equal to the remainder of:

- (1) the total amount of the assessed value of the taxpayer's enterprise zone property assessed at the enterprise zone location on a particular assessment date; minus
- (2) the total amount of the base year assessed value for the enterprise zone location.

(b) To receive the deduction allowed under subsection (a) for a particular year, a taxpayer must comply with the conditions set forth in this chapter.

(c) A taxpayer that makes a qualified investment in an enterprise zone established under IC 5-28-15-11 that is under the jurisdiction of a military base reuse authority board created under IC 36-7-14.5 or IC 36-7-30-3 is entitled to a deduction under this section only if the deduction is approved by the military base reuse authority board.

SECTION 61. IC 6-1.5-4-2 IS ADDED TO THE INDIANA CODE AS A NEW SECTION TO READ AS FOLLOWS [EFFECTIVE UPON PASSAGE]: **Sec. 2. (f) The Indiana board shall give the notices required under subsection (c) at least thirty (30) days before the day fixed for the hearing.

SECTION 63. IC 6-1.5-5-5, AS AMENDED BY P.L.199-2005, SECTION 16, IS AMENDED TO READ AS FOLLOWS [EFFECTIVE UPON PASSAGE]: **Sec. 5. The provisions of such a contract or agreement in regard to the handling, deposit, and application of project funds, as well as all other provisions, are valid and binding on the unit or its executive departments and officers, as well as the commission, notwithstanding any other provision of this

chapter.

(b) The redevelopment commission may issue and sell bonds, notes, or warrants to the federal government to evidence short term or long term loans made under this section, without notice of sale being given or a public offering being made.

SECTION 72. IC 36-7-14-39, AS AMENDED BY P.L.216-2005, SECTION 6, IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JANUARY 1, 2006 (RETROACTIVE)]: Sec. 39. (a) As used in this section:

"Allocation area" means that part of a redevelopment project area to which an allocation provision of a declaratory resolution adopted under section 15 of this chapter refers for purposes of distribution and allocation of property taxes.

"Base assessed value" means the following:

(1) If an allocation provision is adopted after June 30, 1995, in a declaratory resolution or an amendment to a declaratory resolution establishing an economic development area:

(A) the net assessed value of all the property as finally determined for the assessment date immediately preceding the effective date of the allocation provision of the declaratory resolution, as adjusted under subsection (h); plus
(B) to the extent that it is not included in clause (A), the net assessed value of property that is assessed as residential property under the rules of the department of local government finance, as finally determined for any assessment date after the effective date of the allocation provision.

(2) If an allocation provision is adopted after June 30, 1997, in a declaratory resolution or an amendment to a declaratory resolution establishing a redevelopment project area:

(A) the net assessed value of all the property as finally determined for the assessment date immediately preceding the effective date of the allocation provision of the declaratory resolution, as adjusted under subsection (h); plus
(B) to the extent that it is not included in clause (A), the net assessed value of property that is assessed as residential property under the rules of the department of local government finance, as finally determined for any assessment date after the effective date of the allocation provision.

(3) If:

(A) an allocation provision adopted before June 30, 1995, in a declaratory resolution or an amendment to a declaratory

resolution establishing a redevelopment project area expires after June 30, 1997; and

(B) after June 30, 1997, a new allocation provision is included in an amendment to the declaratory resolution;

the net assessed value of all the property as finally determined for the assessment date immediately preceding the effective date of the allocation provision adopted after June 30, 1997, as adjusted under subsection (h).

(4) Except as provided in subdivision (5), for all other allocation areas, the net assessed value of all the property as finally determined for the assessment date immediately preceding the effective date of the allocation provision of the declaratory resolution, as adjusted under subsection (h).

(5) If an allocation area established in an economic development area before July 1, 1995, is expanded after June 30, 1995, the definition in subdivision (1) applies to the expanded part of the area added after June 30, 1995.

(6) If an allocation area established in a redevelopment project area before July 1, 1997, is expanded after June 30, 1997, the definition in subdivision (2) applies to the expanded part of the area added after June 30, 1997.

Except as provided in section 39.3 of this chapter, "property taxes" means taxes imposed under IC 6-1.1 on real property. However, upon approval by a resolution of the redevelopment commission adopted before June 1, 1987, "property taxes" also includes taxes imposed under IC 6-1.1 on depreciable personal property. If a redevelopment commission adopted before June 1, 1987, a resolution to include within the definition of property taxes taxes imposed under IC 6-1.1 on depreciable personal property that has a useful life in excess of eight (8) years, the commission may by resolution determine the percentage of taxes imposed under IC 6-1.1 on all depreciable personal property that will be included within the definition of property taxes. However, the percentage included must not exceed twenty-five percent (25%) of the taxes imposed under IC 6-1.1 on all depreciable personal property.

(b) A declaratory resolution adopted under section 15 of this chapter on or before the allocation deadline determined under subsection (i) may include a provision with respect to the allocation and distribution of property taxes for the purposes and in the manner provided in this section. A declaratory resolution previously adopted may include an allocation provision by the amendment of that declaratory resolution on or before the allocation deadline determined under subsection (i) in accordance with the procedures required for its original adoption. A declaratory resolution or an amendment that establishes an allocation provision after June 30, 1995, must specify an expiration date for the allocation provision that may not be more than thirty (30) years after the date on which the allocation provision is established. However, if bonds or other obligations that were scheduled when issued to mature before the specified expiration date and that are payable only from allocated tax proceeds with respect to the allocation area remain outstanding as of the expiration date, the allocation provision does not expire until all of the bonds or other obligations are no longer outstanding. The allocation provision may apply to all or part of the redevelopment project area. The allocation provision must require that any property taxes subsequently levied by or for the benefit of any public body entitled to a distribution of property taxes on taxable property in the allocation area be allocated

and distributed as follows:

(1) Except as otherwise provided in this section, the proceeds of the taxes attributable to the lesser of:

- (A) the assessed value of the property for the assessment date with respect to which the allocation and distribution is made; or
- (B) the base assessed value;

shall be allocated to and, when collected, paid into the funds of the respective taxing units.

(2) Except as otherwise provided in this section, property tax proceeds in excess of those described in subdivision (1) shall be allocated to the redevelopment district and, when collected, paid into an allocation fund for that allocation area that may be used by the redevelopment district only to do one (1) or more of the following:

- (A) Pay the principal of and interest on any obligations payable solely from allocated tax proceeds which are incurred by the redevelopment district for the purpose of financing or refinancing the redevelopment of that allocation area.
- (B) Establish, augment, or restore the debt service reserve for bonds payable solely or in part from allocated tax proceeds in that allocation area.
- (C) Pay the principal of and interest on bonds payable from allocated tax proceeds in that allocation area and from the special tax levied under section 27 of this chapter.
- (D) Pay the principal of and interest on bonds issued by the unit to pay for local public improvements in or serving that allocation area.
- (E) Pay premiums on the redemption before maturity of bonds payable solely or in part from allocated tax proceeds in that allocation area.
- (F) Make payments on leases payable from allocated tax proceeds in that allocation area under section 25.2 of this chapter.
- (G) Reimburse the unit for expenditures made by it for local public improvements (which include buildings, parking facilities, and other items described in section 25.1(a) of this chapter) in or serving that allocation area.
- (H) Reimburse the unit for rentals paid by it for a building or parking facility in or serving that allocation area under any lease entered into under IC 36-1-10.
- (I) Pay all or a part of a property tax replacement credit to taxpayers in an allocation area as determined by the redevelopment commission. This credit equals the amount determined under the following STEPS for each taxpayer in a taxing district (as defined in IC 6-1.1-1-20) that contains all or part of the allocation area:

STEP ONE: Determine that part of the sum of the amounts under IC 6-1.1-21-2(g)(1)(A), IC 6-1.1-21-2(g)(2), IC 6-1.1-21-2(g)(3), IC 6-1.1-21-2(g)(4), and IC 6-1.1-21-2(g)(5) that is attributable to the taxing district.

STEP TWO: Divide:

- (i) that part of each county's eligible property tax replacement amount (as defined in IC 6-1.1-21-2) for that year as determined under IC 6-1.1-21-4 that is attributable to the taxing district; by

- (ii) the STEP ONE sum.

STEP THREE: Multiply:

- (i) the STEP TWO quotient; times
- (ii) the total amount of the taxpayer's taxes (as defined in IC 6-1.1-21-2) levied in the taxing district that have been allocated during that year to an allocation fund under this section.

If not all the taxpayers in an allocation area receive the credit in full, each taxpayer in the allocation area is entitled to receive the same proportion of the credit. A taxpayer may not receive a credit under this section and a credit under section 39.5 of this chapter in the same year.

(J) Pay expenses incurred by the redevelopment commission for local public improvements that are in the allocation area or serving the allocation area. Public improvements include buildings, parking facilities, and other items described in section 25.1(a) of this chapter.

(K) Reimburse public and private entities for expenses incurred in training employees of industrial facilities that are located:

- (i) in the allocation area; and
- (ii) on a parcel of real property that has been classified as industrial property under the rules of the department of local government finance.

However, the total amount of money spent for this purpose in any year may not exceed the total amount of money in the allocation fund that is attributable to property taxes paid by the industrial facilities described in this clause. The reimbursements under this clause must be made within three (3) years after the date on which the investments that are the basis for the increment financing are made.

The allocation fund may not be used for operating expenses of the commission.

(3) Except as provided in subsection (g), before July 15 of each year the commission shall do the following:

- (A) Determine the amount, if any, by which the base assessed value when multiplied by the estimated tax rate of the allocation area will exceed the amount of assessed value needed to produce the property taxes necessary to make, when due, principal and interest payments on bonds described in subdivision (2) plus the amount necessary for other purposes described in subdivision (2).
- (B) Notify the county auditor of the amount, if any, of the amount of excess assessed value that the commission has determined may be allocated to the respective taxing units in the manner prescribed in subdivision (1). The commission may not authorize an allocation of assessed value to the respective taxing units under this subdivision if to do so would endanger the interests of the holders of bonds described in subdivision (2) or lessors under section 25.3 of this chapter.

(c) For the purpose of allocating taxes levied by or for any taxing unit or units, the assessed value of taxable property in a territory in the allocation area that is annexed by any taxing unit after the effective date of the allocation provision of the declaratory resolution is the lesser of:

- (1) the assessed value of the property for the assessment date with respect to which the allocation and distribution is made; or
- (2) the base assessed value.

(d) Property tax proceeds allocable to the redevelopment district under subsection (b)(2) may, subject to subsection (b)(3), be irrevocably pledged by the redevelopment district for payment as set forth in subsection (b)(2).

(e) Notwithstanding any other law, each assessor shall, upon petition of the redevelopment commission, reassess the taxable property situated upon or in, or added to, the allocation area, effective on the next assessment date after the petition.

(f) Notwithstanding any other law, the assessed value of all taxable property in the allocation area, for purposes of tax limitation, property tax replacement, and formulation of the budget, tax rate, and tax levy for each political subdivision in which the property is located is the lesser of:

- (1) the assessed value of the property as valued without regard to this section; or
- (2) the base assessed value.

(g) If any part of the allocation area is located in an enterprise zone created under IC 5-28-15, the unit that designated the allocation area shall create funds as specified in this subsection. A unit that has obligations, bonds, or leases payable from allocated tax proceeds under subsection (b)(2) shall establish an allocation fund for the purposes specified in subsection (b)(2) and a special zone fund. Such a unit shall, until the end of the enterprise zone phase out period, deposit each year in the special zone fund any amount in the allocation fund derived from property tax proceeds in excess of those described in subsection (b)(1) from property located in the enterprise zone that exceeds the amount sufficient for the purposes specified in subsection (b)(2) for the year. The amount sufficient for purposes specified in subsection (b)(2) for the year shall be determined based on the pro rata portion of such current property tax proceeds from the part of the enterprise zone that is within the allocation area as compared to all such current property tax proceeds derived from the allocation area. A unit that has no obligations, bonds, or leases payable from allocated tax proceeds under subsection (b)(2) shall establish a special zone fund and deposit all the property tax proceeds in excess of those described in subsection (b)(1) in the fund derived from property tax proceeds in excess of those described in subsection (b)(1) from property located in the enterprise zone. The unit that creates the special zone fund shall use the fund (based on the recommendations of the urban enterprise association) for programs in job training, job enrichment, and basic skill development that are designed to benefit residents and employers in the enterprise zone or other purposes specified in subsection (b)(2), except that where reference is made in subsection (b)(2) to allocation area it shall refer for purposes of payments from the special zone fund only to that part of the allocation area that is also located in the enterprise zone. Those programs shall reserve at least one-half (1/2) of their enrollment in any session for residents of the enterprise zone.

(h) The state board of accounts and department of local government finance shall make the rules and prescribe the forms and procedures that they consider expedient for the implementation of this chapter. After each general reassessment under IC 6-1.1-4, the department of local government finance shall adjust the base assessed value one (1) time to neutralize any effect of the general reassessment

on the property tax proceeds allocated to the redevelopment district under this section. **After each annual adjustment under IC 6-1.1-4-4.5, the department of local government finance shall adjust the base assessed value one (1) time to neutralize any effect of the annual adjustment on the property tax proceeds allocated to the redevelopment district under this section.** However, the ~~adjustment~~ **adjustments under this subsection** may not include the effect of property tax abatements under IC 6-1.1-12.1, and ~~the adjustment~~ **these adjustments** may not produce less property tax proceeds allocable to the redevelopment district under subsection (b)(2) than would otherwise have been received if the general reassessment **or annual adjustment** had not occurred. The department of local government finance may prescribe procedures for county and township officials to follow to assist the department in making the adjustments.

(i) The allocation deadline referred to in subsection (b) is determined in the following manner:

- (1) The initial allocation deadline is December 31, 2011.
- (2) Subject to subdivision (3), the initial allocation deadline and subsequent allocation deadlines are automatically extended in increments of five (5) years, so that allocation deadlines subsequent to the initial allocation deadline fall on December 31, 2016, and December 31 of each fifth year thereafter.
- (3) At least one (1) year before the date of an allocation deadline determined under subdivision (2), the general assembly may enact a law that:
 - (A) terminates the automatic extension of allocation deadlines under subdivision (2); and
 - (B) specifically designates a particular date as the final allocation deadline.

SECTION 73. IC 36-7-14-45 IS ADDED TO THE INDIANA CODE AS A NEW SECTION TO READ AS FOLLOWS [EFFECTIVE JULY 1, 2006]: **Sec. 45. (a) The commission may establish a program for housing by resolution. The program, which may include any relevant elements the commission considers appropriate, may be adopted as part of a redevelopment plan or amendment to a redevelopment plan, and must establish an allocation area for purposes of sections 39 and 48 of this chapter for the accomplishment of the program. The program must be approved by the municipal legislative body or county executive as specified in section 17 of this chapter.**

(b) The notice and hearing provisions of sections 17 and 17.5 of this chapter, including notice under section 17(c) of this chapter to a taxing unit that is wholly or partly located within an allocation area, apply to the resolution adopted under subsection (a). Judicial review of the resolution may be made under section 18 of this chapter.

(c) Before formal submission of any housing program to the commission, the department of redevelopment:

- (1) shall consult with persons interested in or affected by the proposed program;**
- (2) shall provide the affected neighborhood associations, residents, and township assessors with an adequate opportunity to participate in an advisory role in planning, implementing, and evaluating the proposed program; and**
- (3) shall hold public meetings in the affected neighborhood to obtain the views of neighborhood associations and residents.**

SECTION 74. IC 36-7-14-46 IS ADDED TO THE INDIANA CODE AS A NEW SECTION TO READ AS FOLLOWS [EFFECTIVE JULY 1, 2006]: Sec. 46. - (1) The special tax levied in accordance with section 27 of this chapter may be used to accomplish the housing program.
- (2) Bonds may be issued under this chapter to accomplish the housing program, but only one (1) issue of bonds may be issued and payable from increments in any allocation area except for refunding bonds or bonds issued in an amount necessary to complete a housing program for which bonds were previously issued.
- (3) Leases may be entered into under this chapter to accomplish the housing program.
- (4) The tax exemptions set forth in section 37 of this chapter are applicable.

- (1) Not more than twenty-five (25) acres of the area included in the allocation area has been annexed during the preceding five (5) years.
- (2) No area within the allocation area has been annexed within the preceding five (5) years over a remonstrance of a majority of the owners of land within the annexed area.
- (3) The program cannot be accomplished by regulatory processes or by the ordinary operation of private enterprise because of:

- (6) At least one-third (1/3) of the parcels in the allocation area established by the program are vacant.
- (7) At least seventy-five percent (75%) of the allocation area is used for residential purposes or is planned to be used for residential purposes.
- (8) At least one-third (1/3) of the residential units in the allocation area were constructed before 1941.

(9) At least one-third (1/3) of the parcels in the allocation area have at least one (1) of the following characteristics:

- (A) The dwelling unit on the parcel is not permanently occupied.
- (B) The parcel is the subject of a governmental order, issued under a statute or an ordinance, requiring the correction of a housing code violation or unsafe building condition.
- (C) Two (2) or more property tax payments on the parcel are delinquent.
- (D) The parcel is owned by local, state, or federal government.

(10) The total area within the county or municipality that is included in any allocation area established for a housing program under section 45 of this chapter does not exceed one hundred fifty (150) acres.

SECTION 76. IC 36-7-14-48 IS ADDED TO THE INDIANA CODE AS A NEW SECTION TO READ AS FOLLOWS [EFFECTIVE JULY 1, 2006]: Sec. 48. (a) Notwithstanding section 39(a) of this chapter, with respect to the allocation and distribution of property taxes for the accomplishment of a program adopted under section 45 of this chapter, "base assessed value" means the net assessed value of all of the property, other than personal property, as finally determined for the assessment date immediately preceding the effective date of the allocation provision, as adjusted under section 39(h) of this chapter.

(b) The allocation fund established under section 39(b) of this chapter for the allocation area for a program adopted under section 45 of this chapter may be used only for purposes related to the accomplishment of the program, including the following:

- (1) The construction, rehabilitation, or repair of residential units within the allocation area.
- (2) The construction, reconstruction, or repair of any infrastructure (including streets, sidewalks, and sewers) within or serving the allocation area.
- (3) The acquisition of real property and interests in real property within the allocation area.
- (4) The demolition of real property within the allocation area.
- (5) The provision of financial assistance to enable individuals and families to purchase or lease residential units within the allocation area. However, financial assistance may be provided only to those individuals and families whose income is at or below the county's median income for individuals and families, respectively.
- (6) The provision of financial assistance to neighborhood development corporations to permit them to provide financial assistance for the purposes described in subdivision (5).
- (7) Providing each taxpayer in the allocation area a credit for property tax replacement as determined under subsections (c) and (d). However, the commission may provide this credit only if the municipal legislative body (in the case of a redevelopment commission established by a municipality) or the county executive (in the case of a redevelopment commission established by a county) establishes the credit by ordinance adopted in the year before the year in which the credit is provided.

(c) The maximum credit that may be provided under subsection (b)(7) to a taxpayer in a taxing district that contains all or part of an allocation area established for a program adopted under section 45 of this chapter shall be determined as follows:

STEP ONE: Determine that part of the sum of the amounts described in IC 6-1.1-21-2(g)(1)(A) and IC 6-1.1-21-2(g)(2) through IC 6-1.1-21-2(g)(5) that is attributable to the taxing district.

STEP TWO: Divide:

(A) that part of each county's eligible property tax replacement amount (as defined in IC 6-1.1-21-2) for that year as determined under IC 6-1.1-21-4(a)(1) that is attributable to the taxing district; by

(B) the amount determined under STEP ONE.

STEP THREE: Multiply:

(A) the STEP TWO quotient; by

(B) the taxpayer's taxes (as defined in IC 6-1.1-21-2) levied in the taxing district allocated to the allocation fund, including the amount that would have been allocated but for the credit.

(d) The commission may determine to grant to taxpayers in an allocation area from its allocation fund a credit under this section, as calculated under subsection (c). Except as provided in subsection (g), one-half (1/2) of the credit shall be applied to each installment of taxes (as defined in IC 6-1.1-21-2) that under IC 6-1.1-22-9 are due and payable on May 10 and November 10 of a year. The commission must provide for the credit annually by a resolution and must find in the resolution the following:

(1) That the money to be collected and deposited in the allocation fund, based upon historical collection rates, after granting the credit will equal the amounts payable for contractual obligations from the fund, plus ten percent (10%) of those amounts.

(2) If bonds payable from the fund are outstanding, that there is a debt service reserve for the bonds that at least equals the amount of the credit to be granted.

(3) If bonds of a lessor under section 25.2 of this chapter or under IC 36-1-10 are outstanding and if lease rentals are payable from the fund, that there is a debt service reserve for those bonds that at least equals the amount of the credit to be granted.

If the tax increment is insufficient to grant the credit in full, the commission may grant the credit in part, prorated among all taxpayers.

(e) Notwithstanding section 39(b) of this chapter, the allocation fund established under section 39(b) of this chapter for the allocation area for a program adopted under section 45 of this chapter may only be used to do one (1) or more of the following:

(1) Accomplish one (1) or more of the actions set forth in section 39(b)(2)(A) through 39(b)(2)(H) and 39(b)(2)(J) of this chapter for property that is residential in nature.

(2) Reimburse the county or municipality for expenditures made by the county or municipality in order to accomplish the housing program in that allocation area.

The allocation fund may not be used for operating expenses of the commission.

(f) Notwithstanding section 39(b) of this chapter, the commission shall, relative to the allocation fund established under section 39(b) of this chapter for an allocation area for a program adopted under section 45 of this chapter, do the following before July 15 of each year:

(1) Determine the amount, if any, by which property taxes payable to the allocation fund in the following year will exceed the amount of property taxes necessary:

(A) to make, when due, principal and interest payments on bonds described in section 39(b)(2) of this chapter;

(B) to pay the amount necessary for other purposes described in section 39(b)(2) of this chapter; and

(C) to reimburse the county or municipality for anticipated expenditures described in subsection (e)(2).

(2) Notify the county auditor of the amount, if any, of excess property taxes that the commission has determined may be paid to the respective taxing units in the manner prescribed in section 39(b)(1) of this chapter.

(g) This subsection applies to an allocation area only to the extent that the net assessed value of property that is assessed as residential property under the rules of the department of local government finance is not included in the base assessed value. If property tax installments with respect to a homestead (as defined in IC 6-1.1-20.9-1) are due in installments established by the department of local government finance under IC 6-1.1-22-9.5, each taxpayer subject to those installments in an allocation area is entitled to an additional credit under subsection (d) for the taxes (as defined in IC 6-1.1-21-2) due in installments. The credit shall be applied in the same proportion to each installment of taxes (as defined in IC 6-1.1-21-2).

SECTION 77. IC 36-7-15.1-26, AS AMENDED BY P.L.216-2005, SECTION 7, IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JANUARY 1, 2006 (RETROACTIVE)]:
Sec. 26. (a) As used in this section:

"Allocation area" means that part of a redevelopment project area to which an allocation provision of a resolution adopted under section 8 of this chapter refers for purposes of distribution and allocation of property taxes.

"Base assessed value" means the following:

(1) If an allocation provision is adopted after June 30, 1995, in a declaratory resolution or an amendment to a declaratory resolution establishing an economic development area:

(A) the net assessed value of all the property as finally determined for the assessment date immediately preceding the effective date of the allocation provision of the declaratory resolution, as adjusted under subsection (h); plus
(B) to the extent that it is not included in clause (A), the net assessed value of property that is assessed as residential property under the rules of the department of local government finance, as finally determined for any assessment date after the effective date of the allocation provision.

(2) If an allocation provision is adopted after June 30, 1997, in a declaratory resolution or an amendment to a declaratory resolution establishing a redevelopment project area:

(A) the net assessed value of all the property as finally determined for the assessment date immediately preceding the effective date of the allocation provision of the

declaratory resolution, as adjusted under subsection (h); plus (B) to the extent that it is not included in clause (A), the net assessed value of property that is assessed as residential property under the rules of the department of local government finance, as finally determined for any assessment date after the effective date of the allocation provision.

(3) If:

(A) an allocation provision adopted before June 30, 1995, in a declaratory resolution or an amendment to a declaratory resolution establishing a redevelopment project area expires after June 30, 1997; and

(B) after June 30, 1997, a new allocation provision is included in an amendment to the declaratory resolution;

the net assessed value of all the property as finally determined for the assessment date immediately preceding the effective date of the allocation provision adopted after June 30, 1997, as adjusted under subsection (h).

(4) Except as provided in subdivision (5), for all other allocation areas, the net assessed value of all the property as finally determined for the assessment date immediately preceding the effective date of the allocation provision of the declaratory resolution, as adjusted under subsection (h).

(5) If an allocation area established in an economic development area before July 1, 1995, is expanded after June 30, 1995, the definition in subdivision (1) applies to the expanded part of the area added after June 30, 1995.

(6) If an allocation area established in a redevelopment project area before July 1, 1997, is expanded after June 30, 1997, the definition in subdivision (2) applies to the expanded part of the area added after June 30, 1997.

Except as provided in section 26.2 of this chapter, "property taxes" means taxes imposed under IC 6-1.1 on real property. However, upon approval by a resolution of the redevelopment commission adopted before June 1, 1987, "property taxes" also includes taxes imposed under IC 6-1.1 on depreciable personal property. If a redevelopment commission adopted before June 1, 1987, a resolution to include within the definition of property taxes taxes imposed under IC 6-1.1 on depreciable personal property that has a useful life in excess of eight (8) years, the commission may by resolution determine the percentage of taxes imposed under IC 6-1.1 on all depreciable personal property that will be included within the definition of property taxes. However, the percentage included must not exceed twenty-five percent (25%) of the taxes imposed under IC 6-1.1 on all depreciable personal property.

(b) A resolution adopted under section 8 of this chapter on or before the allocation deadline determined under subsection (i) may include a provision with respect to the allocation and distribution of property taxes for the purposes and in the manner provided in this section. A resolution previously adopted may include an allocation provision by the amendment of that resolution on or before the allocation deadline determined under subsection (i) in accordance with the procedures required for its original adoption. A declaratory resolution or an amendment that establishes an allocation provision after June 30, 1995, must specify an expiration date for the allocation provision that may not be more than thirty (30) years after the date on which the allocation provision is established. However, if bonds or

other obligations that were scheduled when issued to mature before the specified expiration date and that are payable only from allocated tax proceeds with respect to the allocation area remain outstanding as of the expiration date, the allocation provision does not expire until all of the bonds or other obligations are no longer outstanding. The allocation provision may apply to all or part of the redevelopment project area. The allocation provision must require that any property taxes subsequently levied by or for the benefit of any public body entitled to a distribution of property taxes on taxable property in the allocation area be allocated and distributed as follows:

(1) Except as otherwise provided in this section, the proceeds of the taxes attributable to the lesser of:

(A) the assessed value of the property for the assessment date with respect to which the allocation and distribution is made; or

(B) the base assessed value;

shall be allocated to and, when collected, paid into the funds of the respective taxing units.

(2) Except as otherwise provided in this section, property tax proceeds in excess of those described in subdivision (1) shall be allocated to the redevelopment district and, when collected, paid into a special fund for that allocation area that may be used by the redevelopment district only to do one (1) or more of the following:

(A) Pay the principal of and interest on any obligations payable solely from allocated tax proceeds that are incurred by the redevelopment district for the purpose of financing or refinancing the redevelopment of that allocation area.

(B) Establish, augment, or restore the debt service reserve for bonds payable solely or in part from allocated tax proceeds in that allocation area.

(C) Pay the principal of and interest on bonds payable from allocated tax proceeds in that allocation area and from the special tax levied under section 19 of this chapter.

(D) Pay the principal of and interest on bonds issued by the consolidated city to pay for local public improvements in that allocation area.

(E) Pay premiums on the redemption before maturity of bonds payable solely or in part from allocated tax proceeds in that allocation area.

(F) Make payments on leases payable from allocated tax proceeds in that allocation area under section 17.1 of this chapter.

(G) Reimburse the consolidated city for expenditures for local public improvements (which include buildings, parking facilities, and other items set forth in section 17 of this chapter) in that allocation area.

(H) Reimburse the unit for rentals paid by it for a building or parking facility in that allocation area under any lease entered into under IC 36-1-10.

(I) Reimburse public and private entities for expenses incurred in training employees of industrial facilities that are located:

(i) in the allocation area; and

(ii) on a parcel of real property that has been classified as industrial property under the rules of the department of local government finance.

However, the total amount of money spent for this purpose in any year may not exceed the total amount of money in the allocation fund that is attributable to property taxes paid by the industrial facilities described in this clause. The reimbursements under this clause must be made within three (3) years after the date on which the investments that are the basis for the increment financing are made.

The special fund may not be used for operating expenses of the commission.

(3) Before July 15 of each year, the commission shall do the following:

(A) Determine the amount, if any, by which the base assessed value when multiplied by the estimated tax rate of the allocated area will exceed the amount of assessed value needed to provide the property taxes necessary to make, when due, principal and interest payments on bonds described in subdivision (2) plus the amount necessary for other purposes described in subdivision (2) and subsection (g).

(B) Notify the county auditor of the amount, if any, of excess assessed value that the commission has determined may be allocated to the respective taxing units in the manner prescribed in subdivision (1).

The commission may not authorize an allocation to the respective taxing units under this subdivision if to do so would endanger the interests of the holders of bonds described in subdivision (2).

(c) For the purpose of allocating taxes levied by or for any taxing unit or units, the assessed value of taxable property in a territory in the allocation area that is annexed by any taxing unit after the effective date of the allocation provision of the resolution is the lesser of:

- (1) the assessed value of the property for the assessment date with respect to which the allocation and distribution is made; or
- (2) the base assessed value.

(d) Property tax proceeds allocable to the redevelopment district under subsection (b)(2) may, subject to subsection (b)(3), be irrevocably pledged by the redevelopment district for payment as set forth in subsection (b)(2).

(e) Notwithstanding any other law, each assessor shall, upon petition of the commission, reassess the taxable property situated upon or in, or added to, the allocation area, effective on the next assessment date after the petition.

(f) Notwithstanding any other law, the assessed value of all taxable property in the allocation area, for purposes of tax limitation, property tax replacement, and formulation of the budget, tax rate, and tax levy for each political subdivision in which the property is located is the lesser of:

- (1) the assessed value of the property as valued without regard to this section; or
- (2) the base assessed value.

(g) If any part of the allocation area is located in an enterprise zone created under IC 5-28-15, the unit that designated the allocation area shall create funds as specified in this subsection. A unit that has obligations, bonds, or leases payable from allocated tax proceeds under subsection (b)(2) shall establish an allocation fund for the

purposes specified in subsection (b)(2) and a special zone fund. Such a unit shall, until the end of the enterprise zone phase out period, deposit each year in the special zone fund the amount in the allocation fund derived from property tax proceeds in excess of those described in subsection (b)(1) from property located in the enterprise zone that exceeds the amount sufficient for the purposes specified in subsection (b)(2) for the year. A unit that has no obligations, bonds, or leases payable from allocated tax proceeds under subsection (b)(2) shall establish a special zone fund and deposit all the property tax proceeds in excess of those described in subsection (b)(1) in the fund derived from property tax proceeds in excess of those described in subsection (b)(1) from property located in the enterprise zone. The unit that creates the special zone fund shall use the fund, based on the recommendations of the urban enterprise association, for one (1) or more of the following purposes:

(1) To pay for programs in job training, job enrichment, and basic skill development designed to benefit residents and employers in the enterprise zone. The programs must reserve at least one-half (1/2) of the enrollment in any session for residents of the enterprise zone.

(2) To make loans and grants for the purpose of stimulating business activity in the enterprise zone or providing employment for enterprise zone residents in the enterprise zone.

These loans and grants may be made to the following:

(A) Businesses operating in the enterprise zone.

(B) Businesses that will move their operations to the enterprise zone if such a loan or grant is made.

(3) To provide funds to carry out other purposes specified in subsection (b)(2). However, where reference is made in subsection (b)(2) to the allocation area, the reference refers for purposes of payments from the special zone fund only to that part of the allocation area that is also located in the enterprise zone.

(h) The state board of accounts and department of local government finance shall make the rules and prescribe the forms and procedures that they consider expedient for the implementation of this chapter. After each general reassessment under IC 6-1.1-4, the department of local government finance shall adjust the base assessed value one (1) time to neutralize any effect of the general reassessment on the property tax proceeds allocated to the redevelopment district under this section. **After each annual adjustment under IC 6-1.1-4-4.5, the department of local government finance shall adjust the base assessed value to neutralize any effect of the annual adjustment on the property tax proceeds allocated to the redevelopment district under this section.** However, the **adjustment adjustments under this subsection** may not include the effect of property tax abatements under IC 6-1.1-12.1, and **the adjustment these adjustments** may not produce less property tax proceeds allocable to the redevelopment district under subsection (b)(2) than would otherwise have been received if the general reassessment **or annual adjustment** had not occurred. The department of local government finance may prescribe procedures for county and township officials to follow to assist the department in making the adjustments.

(i) The allocation deadline referred to in subsection (b) is determined in the following manner:

(1) The initial allocation deadline is December 31, 2011.

(2) Subject to subdivision (3), the initial allocation deadline and subsequent allocation deadlines are automatically extended in increments of five (5) years, so that allocation deadlines subsequent to the initial allocation deadline fall on December 31, 2016, and December 31 of each fifth year thereafter.

(3) At least one (1) year before the date of an allocation deadline determined under subdivision (2), the general assembly may enact a law that:

(A) terminates the automatic extension of allocation deadlines under subdivision (2); and

(B) specifically designates a particular date as the final allocation deadline.

SECTION 78. IC 36-7-15.1-53, AS AMENDED BY P.L.216-2005, SECTION 8, IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JANUARY 1, 2006 (RETROACTIVE)]:
Sec. 53. (a) As used in this section:

"Allocation area" means that part of a redevelopment project area to which an allocation provision of a resolution adopted under section 40 of this chapter refers for purposes of distribution and allocation of property taxes.

"Base assessed value" means:

(1) the net assessed value of all the property as finally determined for the assessment date immediately preceding the effective date of the allocation provision of the declaratory resolution, as adjusted under subsection (h); plus

(2) to the extent that it is not included in subdivision (1), the net assessed value of property that is assessed as residential property under the rules of the department of local government finance, as finally determined for any assessment date after the effective date of the allocation provision.

Except as provided in section 55 of this chapter, "property taxes" means taxes imposed under IC 6-1.1 on real property.

(b) A resolution adopted under section 40 of this chapter on or before the allocation deadline determined under subsection (i) may include a provision with respect to the allocation and distribution of property taxes for the purposes and in the manner provided in this section. A resolution previously adopted may include an allocation provision by the amendment of that resolution on or before the allocation deadline determined under subsection (i) in accordance with the procedures required for its original adoption. A declaratory resolution or an amendment that establishes an allocation provision must be approved by resolution of the legislative body of the excluded city and must specify an expiration date for the allocation provision that may not be more than thirty (30) years after the date on which the allocation provision is established. However, if bonds or other obligations that were scheduled when issued to mature before the specified expiration date and that are payable only from allocated tax proceeds with respect to the allocation area remain outstanding as of the expiration date, the allocation provision does not expire until all of the bonds or other obligations are no longer outstanding. The allocation provision may apply to all or part of the redevelopment project area. The allocation provision must require that any property taxes subsequently levied by or for the benefit of any public body entitled to a distribution of property taxes on taxable property in the allocation area be allocated and distributed as follows:

(1) Except as otherwise provided in this section, the proceeds of

the taxes attributable to the lesser of:

(A) the assessed value of the property for the assessment date with respect to which the allocation and distribution is made; or

(B) the base assessed value;

shall be allocated to and, when collected, paid into the funds of the respective taxing units.

(2) Except as otherwise provided in this section, property tax proceeds in excess of those described in subdivision (1) shall be allocated to the redevelopment district and, when collected, paid into a special fund for that allocation area that may be used by the redevelopment district only to do one (1) or more of the following:

(A) Pay the principal of and interest on any obligations payable solely from allocated tax proceeds that are incurred by the redevelopment district for the purpose of financing or refinancing the redevelopment of that allocation area.

(B) Establish, augment, or restore the debt service reserve for bonds payable solely or in part from allocated tax proceeds in that allocation area.

(C) Pay the principal of and interest on bonds payable from allocated tax proceeds in that allocation area and from the special tax levied under section 50 of this chapter.

(D) Pay the principal of and interest on bonds issued by the excluded city to pay for local public improvements in that allocation area.

(E) Pay premiums on the redemption before maturity of bonds payable solely or in part from allocated tax proceeds in that allocation area.

(F) Make payments on leases payable from allocated tax proceeds in that allocation area under section 46 of this chapter.

(G) Reimburse the excluded city for expenditures for local public improvements (which include buildings, park facilities, and other items set forth in section 45 of this chapter) in that allocation area.

(H) Reimburse the unit for rentals paid by it for a building or parking facility in that allocation area under any lease entered into under IC 36-1-10.

(I) Reimburse public and private entities for expenses incurred in training employees of industrial facilities that are located:

(i) in the allocation area; and

(ii) on a parcel of real property that has been classified as industrial property under the rules of the department of local government finance.

However, the total amount of money spent for this purpose in any year may not exceed the total amount of money in the allocation fund that is attributable to property taxes paid by the industrial facilities described in this clause. The reimbursements under this clause must be made within three (3) years after the date on which the investments that are the basis for the increment financing are made.

The special fund may not be used for operating expenses of the commission.

(3) Before July 15 of each year, the commission shall do the following:

(A) Determine the amount, if any, by which property taxes payable to the allocation fund in the following year will exceed the amount of assessed value needed to provide the property taxes necessary to make, when due, principal and interest payments on bonds described in subdivision (2) plus the amount necessary for other purposes described in subdivision (2) and subsection (g).

(B) Notify the county auditor of the amount, if any, of excess assessed value that the commission has determined may be allocated to the respective taxing units in the manner prescribed in subdivision (1).

The commission may not authorize an allocation to the respective taxing units under this subdivision if to do so would endanger the interests of the holders of bonds described in subdivision (2).

(c) For the purpose of allocating taxes levied by or for any taxing unit or units, the assessed value of taxable property in a territory in the allocation area that is annexed by any taxing unit after the effective date of the allocation provision of the resolution is the lesser of:

- (1) the assessed value of the property for the assessment date with respect to which the allocation and distribution is made; or
- (2) the base assessed value.

(d) Property tax proceeds allocable to the redevelopment district under subsection (b)(2) may, subject to subsection (b)(3), be irrevocably pledged by the redevelopment district for payment as set forth in subsection (b)(2).

(e) Notwithstanding any other law, each assessor shall, upon petition of the commission, reassess the taxable property situated upon or in, or added to, the allocation area, effective on the next assessment date after the petition.

(f) Notwithstanding any other law, the assessed value of all taxable property in the allocation area, for purposes of tax limitation, property tax replacement, and formulation of the budget, tax rate, and tax levy for each political subdivision in which the property is located, is the lesser of:

- (1) the assessed value of the property as valued without regard to this section; or
- (2) the base assessed value.

(g) If any part of the allocation area is located in an enterprise zone created under IC 5-28-15, the unit that designated the allocation area shall create funds as specified in this subsection. A unit that has obligations, bonds, or leases payable from allocated tax proceeds under subsection (b)(2) shall establish an allocation fund for the purposes specified in subsection (b)(2) and a special zone fund. Such a unit shall, until the end of the enterprise zone phase out period, deposit each year in the special zone fund the amount in the allocation fund derived from property tax proceeds in excess of those described in subsection (b)(1) from property located in the enterprise zone that exceeds the amount sufficient for the purposes specified in subsection (b)(2) for the year. A unit that has no obligations, bonds, or leases payable from allocated tax proceeds under subsection (b)(2) shall establish a special zone fund and deposit all the property tax proceeds in excess of those described in subsection (b)(1) in the fund derived from property tax proceeds in excess of those described in subsection (b)(1) from property located in the enterprise zone. The unit that

creates the special zone fund shall use the fund, based on the recommendations of the urban enterprise association, for one (1) or more of the following purposes:

(1) To pay for programs in job training, job enrichment, and basic skill development designed to benefit residents and employers in the enterprise zone. The programs must reserve at least one-half (1/2) of the enrollment in any session for residents of the enterprise zone.

(2) To make loans and grants for the purpose of stimulating business activity in the enterprise zone or providing employment for enterprise zone residents in an enterprise zone. These loans and grants may be made to the following:

(A) Businesses operating in the enterprise zone.

(B) Businesses that will move their operations to the enterprise zone if such a loan or grant is made.

(3) To provide funds to carry out other purposes specified in subsection (b)(2). However, where reference is made in subsection (b)(2) to the allocation area, the reference refers, for purposes of payments from the special zone fund, only to that part of the allocation area that is also located in the enterprise zone.

(h) The state board of accounts and department of local government finance shall make the rules and prescribe the forms and procedures that they consider expedient for the implementation of this chapter. After each general reassessment under IC 6-1.1-4, the department of local government finance shall adjust the base assessed value one (1) time to neutralize any effect of the general reassessment on the property tax proceeds allocated to the redevelopment district under this section. **After each annual adjustment under IC 6-1.1-4-4.5, the department of local government finance shall adjust the base assessed value to neutralize any effect of the annual adjustment on the property tax proceeds allocated to the redevelopment district under this section.** However, the **adjustment adjustments under this subsection** may not include the effect of property tax abatements under IC 6-1.1-12.1, and **the adjustment these adjustments** may not produce less property tax proceeds allocable to the redevelopment district under subsection (b)(2) than would otherwise have been received if the general reassessment **or annual adjustment** had not occurred. The department of local government finance may prescribe procedures for county and township officials to follow to assist the department in making the adjustments.

(i) The allocation deadline referred to in subsection (b) is determined in the following manner:

(1) The initial allocation deadline is December 31, 2011.

(2) Subject to subdivision (3), the initial allocation deadline and subsequent allocation deadlines are automatically extended in increments of five (5) years, so that allocation deadlines subsequent to the initial allocation deadline fall on December 31, 2016, and December 31 of each fifth year thereafter.

(3) At least one (1) year before the date of an allocation deadline determined under subdivision (2), the general assembly may enact a law that:

(A) terminates the automatic extension of allocation deadlines under subdivision (2); and

(B) specifically designates a particular date as the final allocation deadline.

SECTION 79. IC 36-7-30-25, AS AMENDED BY P.L.4-2005, SECTION 141, IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JANUARY 1, 2006 (RETROACTIVE)]: Sec. 25. (a) The following definitions apply throughout this section:

(1) "Allocation area" means that part of a military base reuse area to which an allocation provision of a declaratory resolution adopted under section 10 of this chapter refers for purposes of distribution and allocation of property taxes.

(2) "Base assessed value" means:

(A) the net assessed value of all the property as finally determined for the assessment date immediately preceding the adoption date of the allocation provision of the declaratory resolution, as adjusted under subsection (h); plus
(B) to the extent that it is not included in clause (A) or (C), the net assessed value of any and all parcels or classes of parcels identified as part of the base assessed value in the declaratory resolution or an amendment thereto, as finally determined for any subsequent assessment date; plus

(C) to the extent that it is not included in clause (A) or (B), the net assessed value of property that is assessed as residential property under the rules of the department of local government finance, as finally determined for any assessment date after the effective date of the allocation provision.

Clause (C) applies only to allocation areas established in a military reuse area after June 30, 1997, and to the part of an allocation area that was established before June 30, 1997, and that is added to an existing allocation area after June 30, 1997.

(3) "Property taxes" means taxes imposed under IC 6-1.1 on real property.

(b) A declaratory resolution adopted under section 10 of this chapter before the date set forth in IC 36-7-14-39(b) pertaining to declaratory resolutions adopted under IC 36-7-14-15 may include a provision with respect to the allocation and distribution of property taxes for the purposes and in the manner provided in this section. A declaratory resolution previously adopted may include an allocation provision by the amendment of that declaratory resolution in accordance with the procedures set forth in section 13 of this chapter. The allocation provision may apply to all or part of the military base reuse area. The allocation provision must require that any property taxes subsequently levied by or for the benefit of any public body entitled to a distribution of property taxes on taxable property in the allocation area be allocated and distributed as follows:

(1) Except as otherwise provided in this section, the proceeds of the taxes attributable to the lesser of:

(A) the assessed value of the property for the assessment date with respect to which the allocation and distribution is made; or

(B) the base assessed value;

shall be allocated to and, when collected, paid into the funds of the respective taxing units.

(2) Except as otherwise provided in this section, property tax proceeds in excess of those described in subdivision (1) shall be allocated to the military base reuse district and, when collected, paid into an allocation fund for that allocation area that may be used by the military base reuse district and only to do one (1) or more of the following:

(A) Pay the principal of and interest and redemption premium on any obligations incurred by the military base reuse district or any other entity for the purpose of financing or refinancing military base reuse activities in or directly serving or benefiting that allocation area.

(B) Establish, augment, or restore the debt service reserve for bonds payable solely or in part from allocated tax proceeds in that allocation area or from other revenues of the reuse authority, including lease rental revenues.

(C) Make payments on leases payable solely or in part from allocated tax proceeds in that allocation area.

(D) Reimburse any other governmental body for expenditures made for local public improvements (or structures) in or directly serving or benefiting that allocation area.

(E) Pay all or a part of a property tax replacement credit to taxpayers in an allocation area as determined by the reuse authority. This credit equals the amount determined under the following STEPS for each taxpayer in a taxing district (as defined in IC 6-1.1-1-20) that contains all or part of the allocation area:

STEP ONE: Determine that part of the sum of the amounts under IC 6-1.1-21-2(g)(1)(A), IC 6-1.1-21-2(g)(2), IC 6-1.1-21-2(g)(3), IC 6-1.1-21-2(g)(4), and IC 6-1.1-21-2(g)(5) that is attributable to the taxing district.

STEP TWO: Divide:

(i) that part of each county's eligible property tax replacement amount (as defined in IC 6-1.1-21-2) for that year as determined under IC 6-1.1-21-4 that is attributable to the taxing district; by

(ii) the STEP ONE sum.

STEP THREE: Multiply:

(i) the STEP TWO quotient; times

(ii) the total amount of the taxpayer's taxes (as defined in IC 6-1.1-21-2) levied in the taxing district that have been allocated during that year to an allocation fund under this section.

If not all the taxpayers in an allocation area receive the credit in full, each taxpayer in the allocation area is entitled to receive the same proportion of the credit. A taxpayer may not receive a credit under this section and a credit under section 27 of this chapter in the same year.

(F) Pay expenses incurred by the reuse authority for local public improvements or structures that were in the allocation area or directly serving or benefiting the allocation area.

(G) Reimburse public and private entities for expenses incurred in training employees of industrial facilities that are located:

(i) in the allocation area; and

(ii) on a parcel of real property that has been classified as industrial property under the rules of the department of local government finance.

However, the total amount of money spent for this purpose in any year may not exceed the total amount of money in the allocation fund that is attributable to property taxes paid by the industrial facilities described in this clause. The reimbursements under this clause must be made not more

than three (3) years after the date on which the investments that are the basis for the increment financing are made.

The allocation fund may not be used for operating expenses of the reuse authority.

(3) Except as provided in subsection (g), before July 15 of each year the reuse authority shall do the following:

(A) Determine the amount, if any, by which property taxes payable to the allocation fund in the following year will exceed the amount of property taxes necessary to make, when due, principal and interest payments on bonds described in subdivision (2) plus the amount necessary for other purposes described in subdivision (2).

(B) Notify the county auditor of the amount, if any, of the amount of excess property taxes that the reuse authority has determined may be paid to the respective taxing units in the manner prescribed in subdivision (1). The reuse authority may not authorize a payment to the respective taxing units under this subdivision if to do so would endanger the interest of the holders of bonds described in subdivision (2) or lessors under section 19 of this chapter. Property taxes received by a taxing unit under this subdivision are eligible for the property tax replacement credit provided under IC 6-1.1-21.

(c) For the purpose of allocating taxes levied by or for any taxing unit or units, the assessed value of taxable property in a territory in the allocation area that is annexed by a taxing unit after the effective date of the allocation provision of the declaratory resolution is the lesser of:

- (1) the assessed value of the property for the assessment date with respect to which the allocation and distribution is made; or
- (2) the base assessed value.

(d) Property tax proceeds allocable to the military base reuse district under subsection (b)(2) may, subject to subsection (b)(3), be irrevocably pledged by the military base reuse district for payment as set forth in subsection (b)(2).

(e) Notwithstanding any other law, each assessor shall, upon petition of the reuse authority, reassess the taxable property situated upon or in or added to the allocation area, effective on the next assessment date after the petition.

(f) Notwithstanding any other law, the assessed value of all taxable property in the allocation area, for purposes of tax limitation, property tax replacement, and the making of the budget, tax rate, and tax levy for each political subdivision in which the property is located is the lesser of:

- (1) the assessed value of the property as valued without regard to this section; or
- (2) the base assessed value.

(g) If any part of the allocation area is located in an enterprise zone created under IC 5-28-15, the unit that designated the allocation area shall create funds as specified in this subsection. A unit that has obligations, bonds, or leases payable from allocated tax proceeds under subsection (b)(2) shall establish an allocation fund for the purposes specified in subsection (b)(2) and a special zone fund. Such a unit shall, until the end of the enterprise zone phase out period, deposit each year in the special zone fund any amount in the allocation fund derived from property tax proceeds in excess of those described in subsection (b)(1) from property located in the enterprise

zone that exceeds the amount sufficient for the purposes specified in subsection (b)(2) for the year. The amount sufficient for purposes specified in subsection (b)(2) for the year shall be determined based on the pro rata part of such current property tax proceeds from the part of the enterprise zone that is within the allocation area as compared to all such current property tax proceeds derived from the allocation area. A unit that does not have obligations, bonds, or leases payable from allocated tax proceeds under subsection (b)(2) shall establish a special zone fund and deposit all the property tax proceeds in excess of those described in subsection (b)(1) that are derived from property in the enterprise zone in the fund. The unit that creates the special zone fund shall use the fund (based on the recommendations of the urban enterprise association) for programs in job training, job enrichment, and basic skill development that are designed to benefit residents and employers in the enterprise zone or other purposes specified in subsection (b)(2), except that where reference is made in subsection (b)(2) to allocation area it shall refer for purposes of payments from the special zone fund only to that part of the allocation area that is also located in the enterprise zone. The programs shall reserve at least one-half (1/2) of their enrollment in any session for residents of the enterprise zone.

(h) After each general reassessment under IC 6-1.1-4, the department of local government finance shall adjust the base assessed value one (1) time to neutralize any effect of the general reassessment on the property tax proceeds allocated to the military base reuse district under this section. **After each annual adjustment under IC 6-1.1-4-4.5, the department of local government finance shall adjust the base assessed value to neutralize any effect of the annual adjustment on the property tax proceeds allocated to the military base reuse district under this section.** However, the ~~adjustment adjustments~~ **adjustments under this subsection** may not include the effect of property tax abatements under IC 6-1.1-12.1, and ~~the adjustment these adjustments~~ may not produce less property tax proceeds allocable to the military base reuse district under subsection (b)(2) than would otherwise have been received if the general reassessment **or annual adjustment** had not occurred. The department of local government finance may prescribe procedures for county and township officials to follow to assist the department in making the adjustments.

SECTION 80. IC 36-7-30.5-30, AS ADDED BY P.L.203-2005, SECTION 11, IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JANUARY 1, 2006 (RETROACTIVE)]: Sec. 30. (a) The following definitions apply throughout this section:

- (1) "Allocation area" means that part of a military base development area to which an allocation provision of a declaratory resolution adopted under section 16 of this chapter refers for purposes of distribution and allocation of property taxes.
- (2) "Base assessed value" means:

(A) the net assessed value of all the property as finally determined for the assessment date immediately preceding the adoption date of the allocation provision of the declaratory resolution, as adjusted under subsection (h); plus

(B) to the extent that it is not included in clause (A) or (C), the net assessed value of any and all parcels or classes of parcels identified as part of the base assessed value in the declaratory resolution or an amendment to the declaratory

resolution, as finally determined for any subsequent assessment date; plus

(C) to the extent that it is not included in clause (A) or (B), the net assessed value of property that is assessed as residential property under the rules of the department of local government finance, as finally determined for any assessment date after the effective date of the allocation provision.

(3) "Property taxes" means taxes imposed under IC 6-1.1 on real property.

(b) A declaratory resolution adopted under section 16 of this chapter before the date set forth in IC 36-7-14-39(b) pertaining to declaratory resolutions adopted under IC 36-7-14-15 may include a provision with respect to the allocation and distribution of property taxes for the purposes and in the manner provided in this section. A declaratory resolution previously adopted may include an allocation provision by the amendment of that declaratory resolution in accordance with the procedures set forth in section 18 of this chapter. The allocation provision may apply to all or part of the military base development area. The allocation provision must require that any property taxes subsequently levied by or for the benefit of any public body entitled to a distribution of property taxes on taxable property in the allocation area be allocated and distributed as follows:

(1) Except as otherwise provided in this section, the proceeds of the taxes attributable to the lesser of:

(A) the assessed value of the property for the assessment date with respect to which the allocation and distribution is made; or

(B) the base assessed value;

shall be allocated to and, when collected, paid into the funds of the respective taxing units.

(2) Except as otherwise provided in this section, property tax proceeds in excess of those described in subdivision (1) shall be allocated to the development authority and, when collected, paid into an allocation fund for that allocation area that may be used by the development authority and only to do one (1) or more of the following:

(A) Pay the principal of and interest and redemption premium on any obligations incurred by the development authority or any other entity for the purpose of financing or refinancing military base development or reuse activities in or directly serving or benefitting that allocation area.

(B) Establish, augment, or restore the debt service reserve for bonds payable solely or in part from allocated tax proceeds in that allocation area or from other revenues of the development authority, including lease rental revenues.

(C) Make payments on leases payable solely or in part from allocated tax proceeds in that allocation area.

(D) Reimburse any other governmental body for expenditures made for local public improvements (or structures) in or directly serving or benefitting that allocation area.

(E) Pay all or a part of a property tax replacement credit to taxpayers in an allocation area as determined by the development authority. This credit equals the amount determined under the following STEPS for each taxpayer in a taxing district (as defined in IC 6-1.1-1-20) that contains

all or part of the allocation area:

STEP ONE: Determine that part of the sum of the amounts under IC 6-1.1-21-2(g)(1)(A), IC 6-1.1-21-2(g)(2), IC 6-1.1-21-2(g)(3), IC 6-1.1-21-2(g)(4), and IC 6-1.1-21-2(g)(5) that is attributable to the taxing district.

STEP TWO: Divide:

(i) that part of each county's eligible property tax replacement amount (as defined in IC 6-1.1-21-2) for that year as determined under IC 6-1.1-21-4 that is attributable to the taxing district; by

(ii) the STEP ONE sum.

STEP THREE: Multiply:

(i) the STEP TWO quotient; by

(ii) the total amount of the taxpayer's taxes (as defined in IC 6-1.1-21-2) levied in the taxing district that have been allocated during that year to an allocation fund under this section.

If not all the taxpayers in an allocation area receive the credit in full, each taxpayer in the allocation area is entitled to receive the same proportion of the credit. A taxpayer may not receive a credit under this section and a credit under section 32 of this chapter in the same year.

(F) Pay expenses incurred by the development authority for local public improvements or structures that were in the allocation area or directly serving or benefitting the allocation area.

(G) Reimburse public and private entities for expenses incurred in training employees of industrial facilities that are located:

(i) in the allocation area; and

(ii) on a parcel of real property that has been classified as industrial property under the rules of the department of local government finance.

However, the total amount of money spent for this purpose in any year may not exceed the total amount of money in the allocation fund that is attributable to property taxes paid by the industrial facilities described in this clause. The reimbursements under this clause must be made not more than three (3) years after the date on which the investments that are the basis for the increment financing are made.

The allocation fund may not be used for operating expenses of the development authority.

(3) Except as provided in subsection (g), before July 15 of each year the development authority shall do the following:

(A) Determine the amount, if any, by which property taxes payable to the allocation fund in the following year will exceed the amount of property taxes necessary to make, when due, principal and interest payments on bonds described in subdivision (2) plus the amount necessary for other purposes described in subdivision (2).

(B) Notify the appropriate county auditor of the amount, if any, of the amount of excess property taxes that the development authority has determined may be paid to the respective taxing units in the manner prescribed in subdivision (1). The development authority may not authorize a payment to the respective taxing units under this subdivision if to do so would endanger the interest of the

holders of bonds described in subdivision (2) or lessors under section 24 of this chapter. Property taxes received by a taxing unit under this subdivision are eligible for the property tax replacement credit provided under IC 6-1.1-21.

(c) For the purpose of allocating taxes levied by or for any taxing unit or units, the assessed value of taxable property in a territory in the allocation area that is annexed by a taxing unit after the effective date of the allocation provision of the declaratory resolution is the lesser of:

- (1) the assessed value of the property for the assessment date with respect to which the allocation and distribution is made; or
- (2) the base assessed value.

(d) Property tax proceeds allocable to the military base development district under subsection (b)(2) may, subject to subsection (b)(3), be irrevocably pledged by the military base development district for payment as set forth in subsection (b)(2).

(e) Notwithstanding any other law, each assessor shall, upon petition of the development authority, reassess the taxable property situated upon or in or added to the allocation area, effective on the next assessment date after the petition.

(f) Notwithstanding any other law, the assessed value of all taxable property in the allocation area, for purposes of tax limitation, property tax replacement, and the making of the budget, tax rate, and tax levy for each political subdivision in which the property is located is the lesser of:

- (1) the assessed value of the property as valued without regard to this section; or
- (2) the base assessed value.

(g) If any part of the allocation area is located in an enterprise zone created under IC 5-28-15, the development authority shall create funds as specified in this subsection. A development authority that has obligations, bonds, or leases payable from allocated tax proceeds under subsection (b)(2) shall establish an allocation fund for the purposes specified in subsection (b)(2) and a special zone fund. The development authority shall, until the end of the enterprise zone phase out period, deposit each year in the special zone fund any amount in the allocation fund derived from property tax proceeds in excess of those described in subsection (b)(1) from property located in the enterprise zone that exceeds the amount sufficient for the purposes specified in subsection (b)(2) for the year. The amount sufficient for purposes specified in subsection (b)(2) for the year shall be determined based on the pro rata part of such current property tax proceeds from the part of the enterprise zone that is within the allocation area as compared to all such current property tax proceeds derived from the allocation area. A development authority that does not have obligations, bonds, or leases payable from allocated tax proceeds under subsection (b)(2) shall establish a special zone fund and deposit all the property tax proceeds in excess of those described in subsection (b)(1) that are derived from property in the enterprise zone in the fund. The development authority that creates the special zone fund shall use the fund (based on the recommendations of the urban enterprise association) for programs in job training, job enrichment, and basic skill development that are designed to benefit residents and employers in the enterprise zone or for other purposes specified in subsection (b)(2), except that where reference is made in subsection (b)(2) to an allocation area it shall refer for purposes of payments from the special zone fund only to that part of the allocation

area that is also located in the enterprise zone. The programs shall reserve at least one-half (1/2) of their enrollment in any session for residents of the enterprise zone.

(h) After each general reassessment under IC 6-1.1-4, the department of local government finance shall adjust the base assessed value one (1) time to neutralize any effect of the general reassessment on the property tax proceeds allocated to the military base development district under this section. **After each annual adjustment under IC 6-1.1-4-4.5, the department of local government finance shall adjust the base assessed value to neutralize any effect of the annual adjustment on the property tax proceeds allocated to the military base development district under this section.** However, the ~~adjustment~~ **adjustments under this subsection** may not include the effect of property tax abatements under IC 6-1.1-12.1, and ~~the adjustment~~ **these adjustments** may not produce less property tax proceeds allocable to the military base development district under subsection (b)(2) than would otherwise have been received if the general reassessment **or annual adjustment** had not occurred. The department of local government finance may prescribe procedures for county and township officials to follow to assist the department in making the adjustments.

SECTION 81. IC 36-7-32-19 IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JANUARY 1, 2006 (RETROACTIVE)]: Sec. 19. (a) The state board of accounts and department of local government finance shall make the rules and prescribe the forms and procedures that the state board of accounts and department of local government finance consider appropriate for the implementation of an allocation area under this chapter.

(b) After each general reassessment under IC 6-1.1-4, the department of local government finance shall adjust the base assessed value one (1) time to neutralize any effect of the general reassessment on the property tax proceeds allocated to the certified technology park fund under section 17 of this chapter. **After each annual adjustment under IC 6-1.1-4-4.5, the department of local government finance shall adjust the base assessed value to neutralize any effect of the annual adjustment on the property tax proceeds allocated to the certified technology park fund under section 17 of this chapter.**

SECTION 82. [EFFECTIVE JANUARY 1, 2006 (RETROACTIVE)]: **IC 6-1.1-4-12, as amended by this act, applies only to assessment dates after December 31, 2005.**

SECTION 83. [EFFECTIVE UPON PASSAGE] (a) **The definitions in IC 6-1.1-12.1 apply throughout this SECTION.**

(b) **As used in this SECTION, "department" refers to the department of local government finance.**

(c) **As used in this SECTION, "taxpayer" means a person:**

- (1) who operates a grey iron foundry located in Grant County;**
- (2) who applied in 2001 for property tax deductions under IC 6-1.1-12.1 for new manufacturing equipment located in an economic revitalization area; and**
- (3) whose applications described in subdivision (2) were denied.**

(d) **References to the Indiana Code in this SECTION refer to the Indiana Code in effect on March 1, 2001, unless otherwise stated.**

(e) **Notwithstanding any other law, a taxpayer who complies with the requirements of this SECTION is entitled to the property tax deduction for new manufacturing equipment in the**

amounts and for the number of years provided under IC 6-1.1-12.1-4.5, as determined by the department under subsection (h).

(f) The taxpayer shall provide the department with copies of the taxpayer's:

- (1) statement of benefits; and
- (2) applications for deductions from assessed value; for new manufacturing equipment placed in service in an economic revitalization area that the taxpayer filed in 2001.

(g) If there are any deficiencies in the taxpayer's filings described in subsection (f), the department shall assist the taxpayer in completing the information necessary to determine:

- (1) the assessed value of the new manufacturing equipment; and
- (2) the number of years over which the taxpayer is entitled to the deduction under this SECTION.

(h) The department shall determine:

- (1) the amount of the assessed value of the new manufacturing equipment;
- (2) the number of years over which the taxpayer is entitled to the deduction under this SECTION; and
- (3) the percentages used to compute the taxpayer's deductions;

in accordance with IC 6-1.1-12.1-4.5(d) and IC 6-1.1-12.1-4.5(e) as if the taxpayer's applications for deductions had been approved in 2001.

(i) Notwithstanding IC 6-1.1-26 (as in effect on January 1, 2006), when the department has completed the department's determinations under subsection (h), the department shall issue an order to the county auditor of the county in which the economic revitalization area is located:

- (1) describing the department's determinations under subsection (h); and

The department shall provide the taxpayer with a copy of the order issued under this subsection.

(j) Notwithstanding IC 6-1.1-26 (as in effect January 1, 2006), the taxpayer may file refund claims for property taxes paid in previous years that are affected by the department's order issued under subsection (i). The taxpayer must attach a copy of the order issued under subsection (i) to the taxpayer's refund claim.

(k) Notwithstanding IC 6-1.1-26 (as in effect January 1, 2006), the county auditor shall pay the refund claims of the taxpayer filed under subsection (j) if the refund claims are fully consistent with the department's order issued under subsection (i).

SECTION 84. [EFFECTIVE UPON PASSAGE] (a) This SECTION applies to property that:

- (1) is used for a fraternity for students attending Butler University;
- (2) is owned by a nonprofit corporation that was, before the effective date of this SECTION, determined by the auditor of the county in which the property is located to be eligible to receive a property tax exemption under IC 6-1.1-10-16 or IC 6-1.1-10-24; and
- (3) is not eligible for the property tax exemption under IC 6-1.1-10-16 or IC 6-1.1-10-24 for property taxes first due

and payable in 2001, 2002, 2003, and 2004 because the nonprofit corporation failed to timely file an application under IC 6-1.1-11-3.5.

(b) Notwithstanding IC 6-1.1-11-1 and IC 6-1.1-11-3.5, the auditor of the county in which the property described in subsection (a) is located shall:

- (1) waive the noncompliance with the timely filing requirement for the exemption application in question; and
- (2) grant the appropriate exemption.

(c) A property tax exemption granted under this SECTION applies to:

- (1) property taxes first due and payable in 2001;
- (2) property taxes first due and payable in 2002;
- (3) property taxes first due and payable in 2003; and
- (4) property taxes first due and payable in 2004.

(d) This SECTION expires July 1, 2007.

SECTION 85. P.L.228-2005, SECTION 35, IS AMENDED TO READ AS FOLLOWS [EFFECTIVE UPON PASSAGE] SECTION 35. (a) The definitions in IC 6-1.1-1 apply throughout this SECTION.

(b) As used in this SECTION, "taxpayer" means a nonprofit corporation that is an owner of land and improvements:

- (1) that were:
 - (A) owned and occupied by the taxpayer during the period preceding the assessment date in 1999 and continuing through the date that this SECTION is effective; and
 - (B) used to prepare and create a soccer facility to provide youths with the opportunity to play supervised and organized soccer against other youths;
- (2) for which the property tax liability imposed for property taxes first due and payable in 2000, 2001, 2002, 2003, and 2004 exceeded ~~thirty-three~~ thirty thousand dollars (~~\$33,000~~) (\$30,000), in total, which has been paid by the taxpayer;
- (3) that would have qualified for an exemption under IC 6-1.1-10 from property taxes first due and payable in 2000, 2001, 2002, 2003, and 2004 if the taxpayer had complied with the filing requirements for the exemption in a timely manner; and
- (4) that have been granted an exemption under IC 6-1.1-10 from property taxes first due and payable in 2005.

(c) Land and improvements described in subsection (b) are exempt under IC 6-1.1-10-16 from property taxes first due and payable in 2003 and 2004, notwithstanding that the taxpayer failed to make a timely application for the exemption for those years.

(d) The taxpayer may file claims with the county auditor for a refund for the amounts paid toward property taxes on land and improvements described in subsection (b) that were billed to the taxpayer for property taxes first due and payable in 2003 and 2004. The claims must be filed as set forth in IC 6-1.1-26-1(1) through IC 6-1.1-26-1(3). The claims must present sufficient facts for the county auditor to determine whether the claimant is a person that meets the qualifications described in subsection (b) and the amount that should be refunded to the taxpayer.

(e) Upon receiving a claim filed under this SECTION, the county auditor shall determine whether the claim is correct. If the county auditor determines that the claim is correct, the county auditor shall submit the claim under IC 6-1.1-26-4 to the county board of commissioners for review. The only grounds for disallowing the claim under IC 6-1.1-26-4 are that the claimant is not a person that meets

the qualifications described in subsection (b) or that the amount claimed is not the amount due to the taxpayer. If the claim is allowed, the county auditor shall, without an appropriation being required, issue a warrant to the claimant payable from the county general fund for the amount due the claimant under this SECTION. The amount of the refund must equal the amount of the claim allowed. Notwithstanding IC 6-1.1-26-5, no interest is payable on the refund.

(f) This SECTION shall be liberally construed in favor of the taxpayer to give effect to the purposes of this SECTION.

(g) This SECTION expires December 31, 2007.

SECTION 86. [EFFECTIVE JANUARY 1, 2006 (RETROACTIVE)] (a) IC 6-1.1-12.1-1 and IC 6-1.1-40-4, both as amended by this act, apply only to:

(1) new manufacturing equipment, new research and development equipment, new logistical distribution equipment, and new information technology equipment installed and initially used in an economic revitalization area; or

(2) new manufacturing equipment installed and initially used in a maritime opportunity district;

after December 31, 2005.

(b) It is the intent of the general assembly that the amendment of IC 6-1.1-12.1-1 and IC 6-1.1-40-4 by this act be interpreted to expand the equipment that is eligible for a deduction under IC 6-1.1-12.1 or IC 6-1.1-40 to include equipment that is ineligible for a deduction under IC 6-1.1-12.1 or IC 6-1.1-40 solely because the equipment was used in Indiana by a person other than a deduction applicant (as defined in IC 6-1.1-12.1-1(15), as added by this act) before being installed by the deduction applicant in an economic revitalization area or a maritime opportunity district.

SECTION 87. [EFFECTIVE UPON PASSAGE] (a) As used in this SECTION, "eligible district" means a fire protection district established under IC 36-8-11:

(1) that expanded its territory after 1998; and

(2) for which the quotient of:

(A) the taxable assessed value of all tangible property in the district for the assessment date (as defined in IC 6-1.1-1-2) in 2004; divided by

(B) subject to subsection (b), the taxable assessed value of all tangible property in the district for the assessment date (as defined in IC 6-1.1-1-2) in 1999;

is at least one and one-half (1.5).

(b) To account for the change in the definition of "assessed value" reflected in IC 6-1.1-1-3(a)(1) and IC 6-1.1-1-3(a)(2), the taxable assessed value to be used for purposes of subsection (a)(2)(B) is the product of:

(1) the actual taxable assessed value; multiplied by

(2) three (3).

(c) An eligible district may, before September 20, 2006, appeal to the department of local government finance for relief from the levy limitations imposed by IC 6-1.1-18.5 for property taxes first due and payable in 2007. In the appeal the district must:

(1) state that it will be unable to carry out the governmental functions committed to it by law unless the appeal is approved; and

(2) present evidence that it is an eligible district.

(d) The maximum increase in an eligible district's levy allowed

under this SECTION is four hundred twenty-five thousand dollars (\$425,000).

(e) The department of local government finance shall process the appeal in the same manner that the department processes appeals under IC 6-1.1-18.5-12.

(f) For purposes of computing an eligible district's ad valorem property tax levy for taxes first due and payable in 2008, the district's maximum permissible ad valorem property tax levy for property taxes first due and payable in 2007 under STEP ONE of IC 6-1.1-18.5-3(a) or STEP ONE of IC 6-1.1-18.5-3(b) includes the amount of any increase in the district's levy approved under this SECTION for property taxes first due and payable in 2007.

(g) This SECTION expires January 1, 2009.

(k) Interest does not apply in the determination of the amount of the credit under this SECTION.

(l) The county auditor shall adjust the assessed value used in setting property tax rates for each political subdivision in the county for property taxes first due and payable in 2007 to eliminate levy reductions that would otherwise result from the application of credits under this SECTION.

(m) In setting property tax rates for property taxes first due and payable in 2007 for each political subdivision in the county, the department shall:

(1) use the assessed value as adjusted by the county auditor under subsection (l); or

SECTION 2. IC 6-2.5-6-9 IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JULY 1, 2007]: Sec. 9. (a) In determining the amount of state gross retail and use taxes which a retail merchant must remit under section 7 of this chapter, the retail merchant shall, subject to subsections (c) and (d), deduct from the retail merchant's gross retail income from retail transactions made during a particular reporting period, an amount equal to the retail merchant's receivables which:

(1) resulted from retail transactions in which the retail merchant did not collect the state gross retail or use tax from the purchaser;

(2) resulted from retail transactions on which the retail merchant has previously paid the state gross retail or use tax liability to the department; and

(3) were written off as an uncollectible debt for federal tax purposes under Section 166 of the Internal Revenue Code during the particular reporting period.

(b) If a retail merchant deducts a receivable under subsection (a) and subsequently collects all or part of that receivable, then the retail merchant shall, subject to subsection (d)(6), include the amount collected as part of the retail merchant's gross retail income from retail transactions for the particular reporting period in which the retail merchant makes the collection.

(c) This subsection applies only to retail transactions occurring after June 30, ~~2004~~ 2007. As used in this subsection, "affiliated group" means any combination of the following:

(1) An affiliated group within the meaning provided in Section 1504 of the Internal Revenue Code (except that the ownership percentage in Section 1504(a)(2) of the Internal Revenue Code shall be determined using fifty percent (50%) instead of eighty percent (80%)) or a relationship described in Section 267(b)(11) of the Internal Revenue Code.

(2) Two (2) or more partnerships (as defined in IC 6-3-1-19), including limited liability companies and limited liability partnerships, that have the same degree of mutual ownership as an affiliated group described in subdivision (1), as determined under the rules adopted by the department.

The right to a deduction under this section is **not** assignable ~~only if the retail merchant that paid the state gross retail or use tax liability assigned the right to the deduction in writing; to an individual or entity that is not part of the same affiliated group as the assignor.~~

(d) The following provisions apply to a deduction for a receivable treated as uncollectible debt under subsection (a):

(1) The deduction does not include interest.

(2) The amount of the deduction shall be determined in the manner provided by Section 166 of the Internal Revenue Code for bad debts but shall be adjusted to exclude:

(A) financing charges or interest;

(B) sales or use taxes charged on the purchase price;

(C) uncollectible amounts on property that remain in the possession of the seller until the full purchase price is paid;

(D) expenses incurred in attempting to collect any debt; and

(E) repossessed property.

(3) The deduction shall be claimed on the return for the period during which the receivable is written off as uncollectible in the claimant's books and records and is eligible to be deducted for federal income tax purposes. For purposes of this subdivision, a claimant who is not required to file federal income tax returns may deduct an uncollectible receivable on a return filed for the period in which the receivable is written off as uncollectible in the claimant's books and records and would be eligible for a bad debt deduction for federal income tax purposes if the claimant were required to file a federal income tax return.

(4) If the amount of uncollectible receivables claimed as a deduction by a retail merchant for a particular reporting period exceeds the amount of the retail merchant's taxable sales for that reporting period, the retail merchant may file a refund claim under IC 6-8.1-9. However, the deadline for the refund claim shall be measured from the due date of the return for the reporting period on which the deduction for the uncollectible receivables could first be claimed.

(5) If a retail merchant's filing responsibilities have been assumed by a certified service provider (as defined in IC 6-2.5-11-2), the certified service provider may claim, on behalf of the retail merchant, any deduction or refund for uncollectible receivables provided by this section. The certified service provider must credit or refund the full amount of any deduction or refund received to the retail merchant.

(a) The term "Internal Revenue Code" means the Internal Revenue Code of 1986 of the United States as amended and in effect on January 1, ~~2005~~; **2006**.

(b) Whenever the Internal Revenue Code is mentioned in this article, the particular provisions that are referred to, together with all the other provisions of the Internal Revenue Code in effect on January 1, ~~2005~~; **2006**, that pertain to the provisions specifically mentioned, shall be regarded as incorporated in this article by reference and have the same force and effect as though fully set forth in this article. To the extent the provisions apply to this article, regulations adopted under Section 7805(a) of the Internal Revenue Code and in effect on January 1, ~~2005~~; **2006**, shall be regarded as rules adopted by the department under this article, unless the department adopts specific rules that supersede the regulation.

SECTION 5. IC 6-3.5-1.1-2.5 IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JULY 1, 2006]: Sec. 2.5. (a) This section applies only to a county having a population of more than forty-one thousand (41,000) but less than forty-three thousand (43,000).

(b) As used in this section, "fiscal year" means a twelve (12) month period beginning July 1 and ending June 30.

~~(b)~~ **(c)** The county council of a county described in subsection (a) may, by ordinance, determine that additional county adjusted gross income tax revenue is needed in the county to fund the operation and

maintenance of a jail and juvenile detention center opened after July 1, 1998.

~~(c)~~ **(d)** Notwithstanding section 2 of this chapter, if the county council adopts an ordinance under subsection ~~(b)~~ **(c)**, the county council may impose the county adjusted gross income tax at a rate of one and one-tenth percent (1.1%) on adjusted gross income **for fiscal years beginning before July 1, 2011. However, a county may impose the county adjusted gross income tax at a rate of one and one-tenth percent (1.1%) for only eight (8) years. For fiscal years beginning after the county has imposed the county adjusted gross income tax at a rate of one and one-tenth percent (1.1%) for eight (8) years June 30, 2011, the rate is reduced to one percent (1%).** If the county council imposes the county adjusted gross income tax at a rate of one and one-tenth percent (1.1%), the county council may decrease the rate or rescind the tax in the manner provided under this chapter.

~~(d)~~ **(e)** If a county imposes the county adjusted gross income tax at a rate of one and one-tenth percent (1.1%) under this section, the revenue derived from a tax rate of one-tenth percent (0.1%) on adjusted gross income:

- (1) shall be paid to the county treasurer;
- (2) may be used only to pay the costs of operating a jail and juvenile detention center opened after July 1, 1998; and
- (3) may not be considered by the department of local government finance in determining the county's maximum permissible property tax levy limit under IC 6-1.1-18.5.

- (1) replace the amount, if any, of property tax revenue lost due to the allowance of an increased homestead credit within the county;
- (2) fund the operation of a public communications system and computer facilities district as provided in an election, if any, made by the county fiscal body under IC 36-8-15-19(b);

- (4) make payments permitted under IC 36-7-15.1-17.5;
- (5) make payments permitted under subsection (i); ~~and~~
- (6) make distributions of distributive shares to the civil taxing units of a county; ~~and~~
- (7) make the distributions permitted under section 29 of this chapter.**

(b) The county auditor shall retain from the payments of the county's certified distribution, an amount equal to the revenue lost, if any, due to the increase of the homestead credit within the county. This money shall be distributed to the civil taxing units and school corporations of the county as though they were property tax collections and in such a manner that no civil taxing unit or school corporation shall suffer a net revenue loss due to the allowance of an increased homestead credit.

(c) The county auditor shall retain:

- (1) the amount, if any, specified by the county fiscal body for a particular calendar year under subsection (i), IC 36-7-15.1-17.5, IC 36-8-15-19(b), and IC 36-9-4-42 from the county's certified distribution for that same calendar year; and**

(2) the amount of an additional tax rate imposed under section 29 of this chapter.

The county auditor shall distribute amounts retained under this subsection to the county.

(d) All certified distribution revenues that are not retained and distributed under subsections (b) and (c) shall be distributed to the civil taxing units of the county as distributive shares.

(e) The amount of distributive shares that each civil taxing unit in a county is entitled to receive during a month equals the product of the following:

- (1) The amount of revenue that is to be distributed as distributive shares during that month; multiplied by
- (2) A fraction. The numerator of the fraction equals the allocation amount for the civil taxing unit for the calendar year in which the month falls. The denominator of the fraction equals the sum of the allocation amounts of all the civil taxing units of the county for the calendar year in which the month falls.

(f) The department of local government finance shall provide each county auditor with the fractional amount of distributive shares that each civil taxing unit in the auditor's county is entitled to receive monthly under this section.

(g) Notwithstanding subsection (e), if a civil taxing unit of an adopting county does not impose a property tax levy that is first due and payable in a calendar year in which distributive shares are being distributed under this section, that civil taxing unit is entitled to receive a part of the revenue to be distributed as distributive shares under this section within the county. The fractional amount such a civil taxing unit is entitled to receive each month during that calendar year equals the product of the following:

- (1) The amount to be distributed as distributive shares during that month; multiplied by
- (2) A fraction. The numerator of the fraction equals the budget of that civil taxing unit for that calendar year. The denominator of the fraction equals the aggregate budgets of all civil taxing units of that county for that calendar year.

(h) If for a calendar year a civil taxing unit is allocated a part of a county's distributive shares by subsection (g), then the formula used in subsection (e) to determine all other civil taxing units' distributive shares shall be changed each month for that same year by reducing the amount to be distributed as distributive shares under subsection (e) by the amount of distributive shares allocated under subsection (g) for that same month. The department of local government finance shall make any adjustments required by this subsection and provide them to the appropriate county auditors.

(i) Notwithstanding any other law, a county fiscal body may pledge revenues received under this chapter to the payment of bonds or lease rentals to finance a qualified economic development tax project under IC 36-7-27 in that county or in any other county if the county fiscal body determines that the project will promote significant opportunities for the gainful employment or retention of employment of the county's residents.

(e) If the county imposes an additional tax rate under this section, the county treasurer shall establish a county jail revenue fund to be used only for the purposes described in this section. County option income tax revenues derived from the tax rate imposed under this section shall be deposited in the county jail revenue fund before making a certified distribution under section 18 of this chapter.

(f) County option income tax revenues derived from an additional tax rate imposed under this section:

(1) may be used only for the purposes described in this section;

(2) may not be considered by the department of local government finance in determining the county's maximum permissible property tax levy limit under IC 6-1.1-18.5; and

subsection (c)(1), except operation or maintenance.

(g) If the county imposes an additional tax rate under this section, the department, after reviewing the recommendation of the budget agency, shall adjust the certified distribution of the county to provide for an increased distribution of taxes in the immediately following calendar year after the county adopts the increased tax rate and in each calendar year thereafter. The department shall provide for a full transition to certification of distributions as provided in section 17(a)(1) through 17(a)(2) of this chapter in the manner provided in section 17(c) of this chapter.

After the county recorder of each county in which reorganizing political subdivisions are located has notified the county election board that a public question on a plan of reorganization is eligible to be placed on the ballot, the county election board shall place the public question on the ballot in

accordance with IC 3-10-9 on the first regularly scheduled election that will occur in all of the precincts of the reorganizing political subdivisions at least sixty (60) days after the required notices are received.

Sec. 28. A public question under this chapter shall be placed on the ballot in all of the precincts that are located in the reorganizing political subdivisions in substantially the following form:

"Shall _____ (insert name of political subdivision) and _____ (insert name of political subdivision) reorganize as a single political subdivision?".

Sec. 29. IC 3 applies to the election at which a public question under this chapter is considered.

Sec. 30. (a) Except as provided in subsection (b), at the same time that election results are certified under IC 3, the circuit court clerk of each of the counties in which a public question under this chapter is on the ballot shall jointly issue, in the form prescribed by the state election board, a certificate declaring whether the public question is approved or rejected by a majority of the voters voting on the public question in each of the reorganizing political subdivisions. In addition to any other requirements in IC 3 concerning filing of the certification, the certification shall be sent to each of the following:

- (1) The clerk of each of the reorganizing political subdivisions.
- (2) The county auditor of each county in which a reorganizing political subdivision is located.
- (3) The county recorder of each county in which a reorganizing political subdivision is located.
- (4) The state board of accounts.
- (5) The department of local government finance.
- (6) The department of state revenue.
- (7) The budget agency.
- (8) If any of the reorganizing political subdivisions is a school corporation, the department of education.

(b) In the case of a public question on a reorganization described in section 1(a)(9) of this chapter:

- (1) the public question on a plan of reorganization shall be placed on the ballot for consideration by the voters of the entire county;
- (2) the vote on the public question by the voters of the entire county shall be tabulated;
- (3) if the legislative bodies of the reorganizing political subdivisions have agreed that the vote on the public question shall be conducted with a rejection threshold, the vote on the public question by the voters of:

- (A) each reorganizing municipality; and
- (B) the county (excluding the voters of the reorganizing municipalities);

shall be tabulated separately; and

- (4) the circuit court clerk shall issue, in a form prescribed by the state election board, separate certificates regarding whether the public question is approved or rejected by the voters of:

- (A) the entire county;
- (B) each reorganizing municipality (if the legislative bodies of the reorganizing political subdivisions have agreed that the vote on the public question shall be

conducted with a rejection threshold); and

(C) the county, excluding the voters of the reorganizing municipalities (if the legislative bodies of the reorganizing political subdivisions have agreed that the vote on the public question shall be conducted with a rejection threshold);

voting on the public question

Sec. 31. Each county recorder receiving a certification from a circuit court clerk under section 30 of this chapter shall file the certification without charge with the plan of reorganization recorded under section 25 of this chapter.

Sec. 32. (a) This subsection does not apply to a reorganization described in section 1(a)(9) of this chapter. A reorganization as specified in the plan of reorganization is approved if a majority of the voters in each reorganizing political subdivision voting on the public question approve the public question on the reorganization. The vote of voters of a reorganizing political subdivision (for example, a city) who also are voters in a second reorganizing political subdivision (for example, a township) that is geographically larger than the first political subdivision and that includes the territory of the first political subdivision shall be included only in the tally of votes for the first reorganizing political subdivision in which the voters reside.

(b) This subsection applies only to a reorganization described in section 1(a)(9) of this chapter. The reorganization is approved only if:

- (1) the percentage of voters voting on the public question who vote, on a countywide basis, in favor of the proposed reorganization is at least equal to the countywide vote approval percentage specified in the final reorganization plan;
- (2) if the legislative bodies of the reorganizing political subdivisions have agreed that the vote on the public question shall be conducted with a rejection threshold, the percentage of voters of the county (excluding the voters of the reorganizing municipalities) voting on the public question who vote against the reorganization is less than the rejection threshold included in the final reorganization plan; and
- (3) if the legislative bodies of the reorganizing political subdivisions have agreed that the vote on the public question shall be conducted with a rejection threshold, the percentage of voters of each reorganizing municipality voting on the public question who vote against the reorganization is less than the rejection threshold included in the final reorganization plan.

If the reorganization is not approved, the reorganization is terminated. If the legislative bodies of the reorganizing political subdivisions have agreed that the vote in the public question shall be conducted with a rejection threshold, then in tabulating the votes under subdivisions (2) and (3), the vote of voters of a reorganizing municipality who also are voters in the county shall be included only in the tally of votes for the municipality in which the voters reside.

Sec. 33. Except in the case of a reorganization described in section 1(a)(9) of this chapter, if a reorganization is not approved by the majority of the voters in each reorganizing political subdivision voting on the public question, the reorganization is

terminated. A political subdivision in which voters of the political subdivision approved the reorganization may continue with a reorganization with another political subdivision in which the reorganization was approved only if a new plan of reorganization is approved by the voters of each political subdivision in the manner provided by this chapter. The reorganization committee shall adopt a plan to specify how matters related to the termination of the reorganization shall be handled.

Sec. 34. (a) This section applies if:

- (1) in the case of a reorganization that is not described in section 1(a)(9) of this chapter, the majority of the voters of each of the reorganizing political subdivisions voting on the public question approve the public question concerning the reorganization; or
- (2) in the case of a reorganization described in section 1(a)(9) of this chapter, the reorganization is approved as set forth in section 32(b) of this chapter.

(b) The political subdivisions are reorganized in the form and under the conditions specified by the legislative bodies of the reorganizing political subdivisions in the plan of reorganization filed with the county recorder under this chapter.

Sec. 35. (a) This section applies to an initial election:

- (1) of the members of a governing body or officers that are elected by the voters for a reorganized political subdivision that:
 - (A) is a town; and
 - (B) has town boundaries that encompass part of another town that was part of the reorganization;
- (2) that is conducted before the reorganization takes effect; and
- (3) to which IC 3-10-7-1 applies.

(b) The members of each precinct board shall be jointly appointed by the town election boards of each of the reorganizing political subdivisions.

Sec. 36. (a) This section applies if section 5 of this chapter requires an election for a reorganization to become effective.

(b) At the next:

- (1) general election, if the reorganized political subdivision is not a municipality or a school corporation;
- (2) municipal election, if the reorganized political subdivision is a municipality; or
- (3) primary or general election, as specified in an election plan adopted in substantially identical resolutions by the legislative body of each of the participating political subdivisions if the reorganized political subdivision is a school corporation;

after the voters approve a reorganization, one (1) set of officers for the reorganized political subdivision having the combined population of the reorganizing political subdivisions shall be elected by the voters in the territory of the reorganized political subdivision as prescribed by statute.

(c) In the election described in subsection (b):

- (1) one (1) member of the legislative body of the reorganized political subdivision shall be elected from each election district established by the reorganizing political subdivisions in substantially identical resolutions adopted by the legislative body of each of the reorganizing political subdivisions; and

(2) the total number of at large members shall be elected as prescribed by statute for the reorganized political subdivision.

(d) If appointed officers are required in the reorganized political subdivision, one (1) set of appointed officers shall be appointed for the reorganized political subdivision. The appointments shall be made as required by statute for the reorganized political subdivision. Any statute requiring an appointed officer to reside in the political subdivision where the appointed officer resides shall be treated as permitting the appointed officer to reside in any part of the territory of the reorganized political subdivision.

Sec. 37. The legislative bodies of the reorganizing political subdivisions and an adjacent political subdivision may change the boundaries of the reorganized political subdivision by adopting substantially identical resolutions clearly describing the boundary changes. The resolutions must be filed as required by law for a boundary change for the reorganized political subdivision and may not provide for a territory that is smaller than the territory permitted by law for any of the political subdivisions. If the law establishes additional procedures for the annexation or disannexation of the territory of a political subdivision, the political subdivisions changing boundaries must comply with the annexation or disannexation procedures required by law.

Sec. 38. A reorganized political subdivision has the powers granted by statute to a political subdivision of the same type as the reorganized political subdivision. However, if authorized by the plan of reorganization approved by the voters in a public question under this chapter, the reorganized political subdivision will exercise a power or have the officers or number of offices that a statute would have permitted any of the reorganizing political subdivisions to have.

Sec. 39. If a law does not permit the reorganized political subdivision to exercise generally throughout the territory of the reorganized political subdivision a power that any of the reorganizing political subdivisions had before the reorganization, the reorganized political subdivision may exercise the power outside the original territory of the reorganizing political subdivision only by following the laws applicable to the expansion of the service area of the reorganizing political subdivision.

Sec. 40. The following apply in the case of a reorganization under this article:

(1) Indebtedness that was incurred by a political subdivision before the reorganization:

- (A) may not be imposed on taxpayers that were not responsible for payment of the indebtedness before the reorganization; and
- (B) must be paid by the taxpayers that were responsible for payment of the indebtedness before the reorganization.

(2) Pension obligations existing as of the effective date of the reorganization:

- (A) may not be imposed on taxpayers that were not responsible for payment of the pension obligations before the reorganization; and
- (B) must be paid by the taxpayers that were responsible for payment of the pension obligations before the

reorganization.

Sec. 41. (a) Notwithstanding any other law, an individual:

- (1) who is employed as a firefighter or a police officer by a political subdivision that is reorganized under this article;
- (2) who is a member of the 1977 fund before the effective date of the reorganization under this article; and
- (3) who, after the reorganization, becomes an employee of the fire department, police department, or county police department of the reorganized political subdivision;

remains a member of the 1977 fund without being required to meet the requirements under IC 36-8-8-19 and IC 36-8-8-21. The firefighter or police officer shall receive credit for any service as a member of the 1977 fund before the reorganization to determine the firefighter's or police officer's eligibility for benefits under IC 36-8-8.

(b) Notwithstanding any other law, an individual:

- (1) who is employed as a firefighter by a political subdivision that is reorganized under this article;
- (2) who is a member of the 1937 fund before the effective date of the reorganization under this article; and
- (3) who, after the reorganization, becomes an employee of the fire department of the reorganized political subdivision;

remains a member of the 1937 fund. The firefighter shall receive credit for any service as a member of the 1937 fund before the reorganization to determine the firefighter's eligibility for benefits under IC 36-8-7.

(c) Notwithstanding any other law, an individual:

- (1) who is employed as a member of a county police department by a political subdivision that is reorganized under this article;
- (2) who is a member of the sheriff's pension trust before the effective date of the reorganization under this article; and
- (3) who, after the reorganization, becomes a law enforcement officer of the reorganized political subdivision;

remains a member of the sheriff's pension trust. The individual shall receive credit for any service as a member of the sheriff's pension trust before the reorganization to determine the individual's eligibility for benefits under IC 36-8-10.

(d) Notwithstanding any other law, an individual:

- (1) who is employed as a police officer by a political subdivision that is reorganized under this article;
- (2) who is a member of the 1925 fund or 1953 fund before the effective date of the reorganization under this article; and
- (3) who, after the reorganization, becomes an employee of the police department or county police department of the reorganized political subdivision;

remains a member of the 1925 fund or 1953 fund. The police officer shall receive credit for any service as a member of the 1925 fund or 1953 fund before the reorganization to determine the police officer's eligibility for benefits under IC 36-8-6 or IC 36-8-7.5.

(e) Notwithstanding any other law, an individual:

- (1) who is employed by a political subdivision that is reorganized under this article;
- (2) who is a member of the pre-1996 account (as defined in IC 21-6.1-1-6.9) before the effective date of the reorganization under this article; and

- (3) who, after the reorganization, becomes an employee of the reorganized political subdivision in a position that qualifies the individual for service credit in the Indiana state teachers' retirement fund;

remains a member of the pre-1996 account.

Sec. 42. If the functions of an elected office are transferred to another elected office by a reorganization under this article, any law, rule, or agreement that requires or permits an action by an elected officer shall be treated after the functions of the elected officer are transferred as referring to the elected officer to which the functions have been transferred by the reorganization.

Sec. 43. The legislative body or voters of a reorganized political subdivision may terminate a reorganization or restore one (1) or more of the reorganizing political subdivisions participating in a reorganization in the same manner that a reorganization may be initiated under this chapter. If the voters in the reorganized political subdivision approve a public question approving termination of the reorganization or restoration of a reorganizing political subdivision, the reorganized political subdivision shall terminate the reorganization and restore the reorganizing political subdivisions in the same manner as a reorganization is completed under this chapter.

Chapter 5. Cooperative Agreements and Transfers of Responsibilities

Sec. 1. Notwithstanding any other law, two (2) or more political subdivisions may enter into a cooperative agreement under this chapter by using the same procedures set forth in this article for the initiation and approval of a reorganization under this article. A cooperative agreement under this chapter may be initiated and approved only in the manner set forth in this article for the initiation and approval of a reorganization under this article.

Sec. 2. (a) A cooperative agreement under this chapter must provide at least for the following:

- (1) Its duration.
- (2) Its purpose.
- (3) The manner of financing, staffing, and supplying any joint undertaking and of establishing and maintaining a budget for any joint undertaking that is the subject of the cooperative agreement.
- (4) The methods that may be employed in accomplishing the partial or complete termination of the cooperative agreement and for disposing of property upon partial or complete termination of the cooperative agreement.
- (5) The manner in which the cooperative agreement is to be administered.
- (6) The manner of acquiring, holding, and disposing of real and personal property that is the subject of the cooperative agreement.

(b) A cooperative agreement may include any condition or term that is necessary or appropriate.

Sec. 3. (a) The cooperative agreement may transfer the functions of an employee or a department of a political subdivision, including an elected office, to another employee or department of any political subdivision that has entered into the cooperative agreement.

(b) The functions of an elected office may be transferred only to another elected office.

(c) The cooperative agreement may provide for the abolishment of an elected office that is not required by the Constitution of the State of Indiana.

Sec. 4. A political subdivision may enter into a cooperative agreement with an entity to share the services of an employee employed by any party to the agreement.

Sec. 5. A cooperative agreement may provide that a political subdivision:

(1) may appropriate and pledge any legally available revenues to the payment of the bonds, leases, or other obligations of another political subdivision that is a party to the cooperative agreement; and

(2) will appropriate legally available revenues for any other payment under the cooperative agreement;

if the political subdivision's fiscal body finds that it is necessary, desirable, and in the best interests of the residents of that political subdivision.

Sec. 6. (a) A cooperative agreement may not permit an entity or another instrumentality established to administer the cooperative agreement to take any action that at least one (1) of the parties to the cooperative agreement could not carry out on its own.

(b) A cooperative agreement may permit the transfer of money from one (1) fund of a political subdivision for a use authorized by the cooperative agreement.

Sec. 7. (a) A cooperative agreement transferring the functions of an elected office becomes effective only at the end of the term of the incumbent that holds the office.

(b) Any law, rule, or agreement that requires or permits an action by an employee or elected officer after the functions of the employee or elected officer are transferred shall be treated as referring to the employee or elected officer to which the functions have been transferred by the cooperative agreement.

Sec. 8. The department of local government finance shall adjust as necessary tax rates, tax levies, and budgets of political subdivisions that enter into a cooperative agreement under this chapter in the same manner as tax rates, tax levies, and budgets are adjusted under IC 36-1.5-3 for reorganizing political subdivisions.

SUBJECT INDEX OF BILLS AND JOINT RESOLUTIONS—2006

SECOND REGULAR SESSION

(Those marked with ■ became law; no bills were vetoed by Governor Daniels in 2006.)

NOTE: Subject headings included in previous years have been deleted from this index if there were no bills on that topic in 2006. Cross references have not been deleted or edited. “ARTIFICIAL LIMBS”, for example is cross referenced to “PROSTHETIC DEVICES”. Checking the word “PROSTHETIC”, the user will find the heading “PROSECUTING ATTORNEYS” followed by the cross reference “PROSTITUTION”, but not “PROSTHETIC”; this indicates that the heading “PROSTHETIC DEVICES” was deleted because no bills were indexed under that heading this session.
